2016-2017

***KOCH** Supplies - Over 130 Years of
the Right People, Right Products and Right Prices.*

NOW OFFERING **CUSTOM PRINTED** SHRINK BAGS AND ROLLSTOCK

CLEAR, BLACK & PRINTED ROLLSTOCK FILMS

IMPROVED CLARITY

- Up to 50% clearer—improves retail shelf appeal.

BETTER MACHINABILITY

- Film conforms easier to machine tooling.

GREATER MEMORY

- Improved shrink creates a tighter, better looking package.

MORE ROBUST

- Wider operating window handles a greater variety of forming depths over a broader temperature range, making the film more forgiving and easier to use.
- Requires less heat and creates less demand on equipment.

SEALS THROUGH CONTAMINATES

- E-seal technology is the choice for value-added product applications.

APPROVED FOR HEAT TREATMENTS

- Cook-in applications up to 180°F for six hours.
- Post-pasteurization conditions up to 212°F for 30 minutes — Microwave re-heating up to three minutes on high power for previously cooked foods.

Bunzl Processor Division is a leader in the food processing and food packaging industries that services national platforms, as well as multi-plant, single-plant, small shops and game processors. Bunzl offers an assortment of high-quality products designed specifically to meet the needs of the food service and food processing industry, under a private label product line called Prime Source®, as well as a myriad of branded exclusive products specific to the food processing industry such as EdgeMaster™ bandsaw blades, the ToteAll 2000® material handling system, Workhorse® protective wear, Processor's Choice Cures, Clarity™ Flexible Packaging options and many more. With more than 35,000 different supply items and 14 distribution centers serving Central and North America, including the Caribbean and Mexico, Bunzl Processor Division is an integral part of Bunzl Distribution Inc.

THE INDUSTRY'S MOST EXTENSIVE LINE OF FLEXIBLE PACKAGING

Bunzl Processor Division's line of packaging supplies is comprised of the most recognized, trusted and valued brands in the industry. BPD is the exclusive distributor for the **MultiVac P-Series** chamber packaging machines. For use with those machines, BPD offers over 300 different sizes of our **Clarity™** line of **Cryovac Shrink Bags** – *The size you want, in the quantities you need.* We'll also stock **Clarity™ Rollstock Film** for your forming and non-forming applications. Just call one of our packaging specialists and we'll do a no-charge, no-obligation review of your films. And if you choose BPD to be your supplier, we'll gladly stock all of your film sizes to reduce lead times and cost outlays for your business. Interested in **Clarity™ Vacuum Pouches**? BPD converts our own film in Kansas City and carries over 100 different sizes and structures. We can produce any custom bag you need – with lower costs, faster lead times and consistent, American-made quality. BPD also stocks a full line of meat bags, cook chill bags, poly bags and locker paper. Just give us a call for any of your packaging needs!

CUSTOMER SERVICE FROM PEOPLE WHO CARE

Bunzl Processor Division establishes close relationships with our vendors, and because of this our representatives are experts on all the products that we sell — giving them a professional working knowledge of how these products best serve the food processing industry.

Whether you have a rush order or need to arrange regular shipments, you can count on us for the friendliest, most dependable service. Our experienced team will answer your questions on pricing, product availability and any other technical questions you may have, as well as take your order.

WE STOCK WHAT WE SELL

Bunzl Processor Division is a leading distributor of plant operating supplies for the meat and food processing industry — offering such product categories as clothing, janitorial, sanitation, material handling, plant remodeling, safety, cutlery, scales, thermometers, processing supplies, seasonings, packaging as well as maintenance, repair and operation supplies (MRO).

Our inventory includes over 35,000 ready-to-ship items, so you don't have to wait long to receive the supplies you need. We are committed to getting your order shipped to you fast and complete — it's that simple!

EASY ORDER PLACEMENT

Call **1-800-456-5624** Monday through Friday between 7AM and 5:30PM Central time, and a member of the industry's most knowledgeable staff will be happy to address all your needs.

You can also fax your order to **1-800-329-5624** or you can even email it to: kochsupplies@bunzlusa.com

Or try out our convenient, easy-to-use online catalog. It has all your ordering needs in one place. Order online at www.bunzlkochsupplies.com 24 hours a day — 7 days a week. It's fast, easy and secure.

También ofrecemos asistencia al cliente en español. Llame al 800-746-7990 para comunicarse con nuestro Departamento de Exportaciones o con uno de nuestros representantes bilingües.

Payment options are easy as well — charge your order to any Visa, Master Card, American Express or Discover card. In addition, we accept checks over the phone and open credit terms are also available.

Need Assistance?

Whether you have a rush order or need to arrange regular shipments, you can count on us for the friendliest, most dependable service. Our experienced staff will answer your questions on pricing, product availability and any other technical questions you may have, as well as take your order.

Purchase in case quantities and **SAVE MONEY!**

Our order-packing and expediting teams are working hard to get you the supplies you need when you need them. Ordering by the case allows us to efficiently fill your order. And because we don't have to break a case, we save time fulfilling your order — and then are able to pass that savings on to you.

Here's a quick look at how our pricing is structured:

Product Name & Item Number		Number of units per case.	Unit of measure.
ITEM NO.	PRODUCT	1-19	20+ EACH
1234 56789	Product Name.....	\$12.95	\$10.95

20 per case.

DISCOUNTED PRICE
Price per unit of measure when you purchase 20 items or more.

Price per each unit of measure.

It's easy to see how case quantity purchasing SAVES you money! Here's an example:

Buy 18 individually for \$12.95 each
and spend a total of \$233.10

OR

Buy 20 by the case for \$10.95 each
and spend only \$219.00.

You Save \$14.10 & receive 2 additional units!
Get MORE...Pay LESS!

Watch for these symbols:

Shipped by truck freight. Freight rates are available when ordering.

Products marked with this image are eco-friendly and environmentally safe.

Product complies with HACCP regulations.

Products Made in the USA

These products are considered hazardous materials, and therefore could require special shipping. Call for details.

Certain items in this catalog are not returnable and have a "No Return" symbol next to them.

TERMS AND CONDITIONS

Prices

Prices in this catalog are current prices at publication and are subject to change without notice. In the rare event of a printing error, we reserve the right to charge the correct price. Confirm current prices and availability by phone, fax, or e-mail. Prices are in U.S. dollars and do not include applicable taxes. Current up-to-date pricing can be found on our website www.bunzlkochsupplies.com.

Payment Terms

We accept Visa®, MasterCard®, American Express®, Discover® and checks by phone (via TeleCheck®). We offer credit terms of Net 10 days for customers with a minimum monthly volume of \$500, subject to credit approval.

International Customers

Please contact us directly for a "pro forma quotation" with current pricing, appropriate freight, duty, taxes and clearance costs.

Payments may be made in U.S. dollars, Visa®, MasterCard®, American Express®, Discover®, bank transfer, or irrevocable Letter of Credit confirmed by any U.S. bank. Include the invoice number with all payments.

Please note: some items are not available to be shipped outside of the U.S. Check with your sales representative for details.

Specifications Changes

Due to continuing improvements, product specifications and pricing are subject to change without notice.

Discounts

Discounted prices for certain catalog items purchased in quantity do not apply to orders shipped outside the United States.

Satisfaction Guarantee

When purchasing from our catalog, you can rest assured that any product you order will meet your expectations – guaranteed! That's a promise from our friendly and knowledgeable Customer Service Representatives. However, in the rare case that any stocked supply item fails to meet with your expectations or approval, simply call our toll free number within 30 days and we can arrange for a repair, refund, exchange or credit towards your next purchase, except for those items noted as "No Return" items.

Call for warranty information on non-stock or special order items (i.e. equipment, doors, walls, etc.).

A restocking or repair fee may apply on certain special order items.

Shipping

Unless specified, we will determine the most expedient and efficient means of shipment based on dimensional weight - UPS or LTL (less than truckload). Alternate delivery may require additional cost. Appropriate charges will be added to your invoice.

Bunzl Processor Division will not be liable for any claim, loss, or damage caused in whole or in part due to delay in or failure to make delivery when such delay or failure is directly or indirectly caused by act of God; strike or other labor difficulty; transportation problems; accident; act of any civil or military authority; act of war; or act of purchaser; or by the occurrence of any other contingency beyond Bunzl Processor Division's reasonable control.

Receiving/Claims

It is the buyers responsibility to thoroughly inspect shipments upon receiving.

Prior to signing for your items, check the number of packages received, as well as the condition of the product. Failure to do so will negate the ability to claim damages. Notification of short shipments or damage must occur within 2 business days of receipt of product for credit to be considered.

Report the details immediately to our Customer Service Department by calling **800-456-5624**. Keep the carton and all packing materials. Notify shipper of shortage or obvious damage at time of delivery.

Returns

Please call our Customer Service Department to obtain a return authorization number before returning items.

When you call, please provide us with:

- Our reference number (on packing slip) or invoice number.
- Your purchase order number.
- Reason for return.
- Date of purchase.

All items returned due to duplication or a change of need must be in unused, resalable condition and in its original packaging -- within 30 days. Returned items may be subject to a restocking fee. Items returned due to damage occurring during shipping or defective products must be packaged so no further damage occurs.

Note: Returns without prior return authorization will be charged a re-stock fee and may be refused.

Note: Certain items in this catalog are not returnable and have a "NO RETURN" symbol next to them:

Some of these items include:

- Direct food contact items such as: casings, seasonings, packaging products, etc.
- Medicines and medical supplies.
- Certain chemicals, or coatings.
- Stunner loads and solvents.

Confirming Orders

Please do not send a confirming order. If in your system you must send a confirming order, please mark it clearly as confirming to avoid duplication of orders sent.

**RECEIVE FREE
GROUND SHIPPING* through UPS
when you place an order for \$400.00
or more from this Buyers Guide!**

*FREE SHIPPING does not include UPS Next Day Air, UPS 2nd Day or UPS 3rd Day Select. Certain items may not qualify.

This offer is good only on orders shipped UPS Ground in the 48 contiguous states. Based on dimensional weight, we will determine the most efficient means of shipment, either UPS or LTL. Products may ship by truckline.

J-Fill® QuattroSelect® Dispensing System

Wall-mounted dispensing system that accurately dispenses four different products into bottles or buckets. This system is safer, more reliable and more accurate than any other chemical dispensing platform in the industry.

- Simple bottle installation. Simply select four cleaning products from the list below.
- One-handed low flow bottle filling, or use the hose to fill a bucket.
- No metering tip installation — bottles come pre-tipped to ensure dilution accuracy and cost control.
- Easy to repair, quick change manifold.
- Powder-coated locking steel doors to prevent misuse.
- Product identification windows.
- Drip tray with drain hose.
- Meets ASSE 1055-B back-flow prevention requirements.

► **Unit Dimensions:**
 24.25" h x 18.5" w x 7.5" d
Weight: 15-lbs.
Low Flow Rate: 1.5 gpm
High Flow Rate: 3.1 gpm
Water In-Let Hose: 4'
Remote Bucket Fill Hose: 8'
Drip Tray Drainage Hose: 8'
Water Pressure: 30-85 psi
Water Flow: Less than 2.0 gpm
Water Temperature: 50-100°

Enviro Terra™ Acid Replacement Cleaner

A totally natural cleaner that combines the high performance of acids with the mildness of liquid dish soap.

- Contains the same cleansing power of acids, without the unpleasant side effects such as skin burns and invisible toxic fumes.
- Effectively removes calcium, lime, rust and other deposits typically found in descaling and rust removal applications.
- Does not have to be shipped, handled, stored or disposed of as a hazardous material. In fact, it is biodegradable and non-corrosive.
- Special clinging action allows longer dwell time on vertical surfaces – easily cleaning complex surfaces like piping, valves and crevices without leaving film or residue.

- Perfect product for manufacturing equipment, building maintenance, food services and washrooms.
- Non-toxic, non-corrosive, non-fuming, non-caustic, and non-flammable.

Safe on skin!

Can be applied with an Industrial Foamer No. 3013 30031.

► Can be applied with foamers on pages 159-162.

► 6 bottles per case.

ITEM NO.	PRODUCT	PER GALLON BOTTLE	1-5	6+
2117 01351	Acid Replacement Cleaner		\$19.95	\$18.95

UNIVERSAL SUPER ABSORBENT

The safe, easy and economical spill clean up.

- Absorbs 7-1/2 times more than clay — up to 14-gal. per box.
- More economical than paper towels.
- Absorbs oil & water based liquids.
- Lightweight & easy to handle.
- Non-toxic & environmentally friendly.
- Accepted by landfills — non-leaching.
- Quick absorption for fast clean up.
- Leaves surface dry and slip free.
- Meets USDA, FDA & EPA requirements.

Spill Clean-Up 6-Quart Plastic Bottle

- Plastic bottles with screw-on caps designed to fit in the Spill Station (shown on page 563). Refilling the bottles is simple and easy, saves time, money and the environment.

► Also available in 25-lb. Box. Ideal for refilling 6-qt. bottles. See page 132 for more info.

► 4 bottles per case.

BUTCHERING BOOKS

Butchering Beef by Adam Danforth *The Comprehensive Photographic Guide to Humane Slaughtering and Butchering Beef.*

Using detailed, step-by-step photography of every stage of the process, Adam Danforth shows you exactly how to humanely slaughter and butcher cattle for beef. From creating the right pre-slaughter conditions to killing, skinning, keeping cold, breaking the meat down, and creating cuts of meat you'll recognize from the market, Danforth walks you through every step, leaving nothing to chance.

- Author: Adam Danforth with foreword by Temple Grandin.
- 342 pages.

ITEM NO.	PRODUCT	EACH
G817 18331	Butchering Beef, hardback.	\$29.95

Adam Danforth is the James Beard and IACP award-winning author of these two books.

Butchering Poultry, Rabbit, Lamb, Goat & Pork by Adam Danforth *This comprehensive reference is the only guide you need to successfully, safely, and humanely slaughter and butcher poultry, rabbit, lamb, goat, and pork.*

This book covers food safety, butchering/laughter techniques, packaging and freezing as well as tools and equipment.

The Art of Beef Cutting by Kari Underly *A Meat Professional's Guide to Butchering and Merchandising.*

Kari Underly's book, *The Art of Beef Cutting*, was nominated for a James Beard Foundation Award and International Association of Culinary Professional's Award in 2012. She is the founder of the Muscolo Meat Academy, a career academy offering education and Certification for tomorrow's meat professionals. Kari's career in the meat business is evidence of her commitment to the butchery trade -- playing a role in the development of several popular cuts including the flat iron steak, and chuck eye country style ribs. And training and educating groups across the country through her consulting firm Range, Inc.

This manual, with step-by-step instructions and photography, is the one you want to really understand and practice "The Art of Beef Cutting".

NOTE: Any of our boots can be ordered and worn by men or women. There is a two size difference between men's and women's boots. A woman ordering a man's boot should order two sizes smaller than her regular size. **Example: women's size 9 would order men's size 7.**

What does two-stage injection molded mean?

Many boots are manufactured by an injection molded process. This two-stage process, where two compounds are injected at the same time, results in an upper that is soft and flexible, while creating a highly abrasion-resistant boot outsole with a different compound. This process gives the wearer greater comfort without sacrificing durability.

Is there a difference in the type of sole on the boot?

There are many types of soles, but the two most common are the cleated sole and the chevron sole. The cleated sole is usually worn for outdoor applications because it provides good traction over a variety of surfaces. It is a self-cleaning sole and helps reduce hydroplaning. The chevron sole can be worn indoors or out, but is best used on hard and wet surfaces because of its slip-resistant design.

DuraPro® XCP Boot

- Sloped comfort top rim prevents chafing and reduces discomfort when walking, bending and kneeling.
- Larger circumference at the top makes it quick and easy to pull the boot on.
- Inner liner allows for increased flexibility and subtle feel at the calf.
- Conformance information molded in sidewall for easy identification.
- Wider metatarsal design and comfort ankle for all day comfort.
- DuraPro® insoles provide superior shock absorption, support and comfort.
- Honeycomb design molded inside the heel to reduce impact when walking.
- Ergonomically designed foot-bed to provide better underfoot support.

Brown DuraPro® XCP Superpoly Upper

For use in the red meat industry where high chemical resistance is required.

Blue DuraPro® XCP Polyblend Upper

For use in the poultry industry where moderate chemical resistance is required.

Muck® Chore Pro Cool, Mossy Oak Steel Toe 16" Boots

- Full rubber upper is flexible while providing 100% waterproof protection.
- New comfortable XpressCool™ lining material keeps your feet cool and dry in warm weather by quickly dispersing perspiration.
- Steel toe impact protection.
- Electrical hazard rated outsole.
- Vibram® outsole for improved durability and performance.
- Meets ASTM-F2413-11 MI/75 C/75 EH.

As the foot starts to sweat, the Muck XpressCool™ fabric lining rapidly pulls moisture away from the skin to dryer areas of the boot. As this moisture is spread and dries, it creates a cooling affect which keeps feet cool and dry in warm weather.

PUROFORT® FoodPro Boots

35% lighter than traditional rubber and PVC boots!

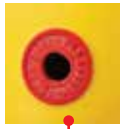

- Resistant to mineral, animal & vegetable oil, fats, blood, disinfectants, solvents and various chemicals.
- Thermal insulation keeps feet warm in cold conditions and comfortable in hot conditions.
- Complies with CSA Z195-09 Omega, ASTM F2413-11 M 1/75 C/75 EH
- Steel toe cap for added safety.
- Remains flexible at low temperatures.
- Shock-absorbing heel.

Scan this QR code to watch a video about PuroFort Boots

Dunlop® is the only company with the Purofort® Technology. Specialized high pressure manufacturing introduces millions of tiny air bubbles into the synthetic material. The material is created using a special recipe at the time of manufacture, giving your Purofort® boots a "born on" date. This gives Purofort® boots their remarkable properties.

Unique feature allows boots to be locked together. (separate lock required)

Multigrip Safety Sole: SRC rated for best slip resistance.

SLIP-RESISTANT BOOTS

PVC SAFETY BOOTS

XTP® Xtra Traction Performance Boot

- XTP® is engineered with reinforced construction and an organic chemical resistant formulation to provide superior protection in harsh environments.
- The seamless, 3-stage, PVC injection molded construction is 100% waterproof to keep feet comfortable and dry.
- Removable FOOT FORM contour cushion insoles provide support for comfort and wick away moisture to keep workers' feet dry.
- Extended steel shanks are thicker, longer and wider as well as curved and ribbed, to provide the best possible arch support for increased worker comfort.
- TDT – dual compound outsole is optimally designed to provide a durable exterior for tough abrasion resistance, and a softer interior for comfort and excellent traction to help prevent slips and falls.
- Steel toe boot meets ASTM F2413-11 M I/75 C/75 EH.

- Seamless, 3-stage PVC injection molded construction is 100% waterproof to keep workers' feet comfortable and dry.
- Removable FOOT FORM contour comfort insoles provide support for comfort and wick away moisture to keep workers' feet dry.
- TDT outsole is engineered with dual compounds, providing a durable exterior for longer wear and a softer interior to increase surface contact, decreasing slip hazards and reducing injuries.
- Tread design prohibits hydroplaning and provides better contact between the outsole and floor preventing slips and falls.
- Meets ASTM F2413-11 M I/75 C/75.

GET A GRASP ON THE RIGHT GLOVE FOR YOU

Eliminate the guesswork when ordering gloves, just ask yourself the following questions:

What Size Gloves Should I Order?

This is very important, because a glove that is either too tight or too loose can be both uncomfortable and hazardous in the workplace.

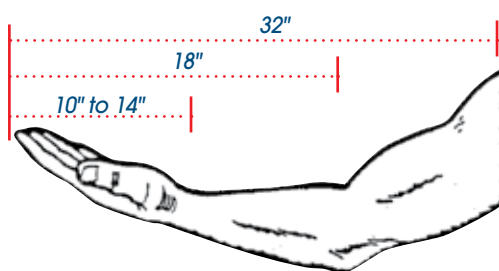

To find the proper size glove for you, simply measure the widest part of your hand, starting above your thumb and measuring across the palm and around the back of your hand (see photo at right). The size in inches corresponds to the size of the glove. (i.e. if your hand measures 8", then you should wear a size 8 glove).

GLOVE SIZE CHART

SIZE	XS	S	M	L	XL
	6-7	7-8	8-9	9-10	10-11

Which Glove Length Should I Choose?

The length of glove you should order is directly related to the application for which it is to be used. Select glove length by determining the depth to which your arm will be immersed in liquids, or whether it is to be used for splash protection.

- *Wrist and Forearm Lengths (10" to 14")* – Protects the hand and wrist for most applications.
- *Elbow Lengths (18")* – Offers splash protection and immersion capability.
- *Shoulder Lengths (32")* – Ideal for full arm immersion applications.

Generally, the length of a glove is measured from the tip of the middle finger to the outer edge of the cuff.

What Types of Glove Cuffs Are Available?

There are five different types of cuffs from which to choose. Not all styles are available for every glove – the cuffs differ according to application.

Straight Cuff

Rolled Cuff

Pinked Cuff

Safety Cuff

Knit Wrist Cuff

The five most common cuff styles are:

- *Straight Cuffs* – Offer a snug fit around the wrist.
- *Rolled Cuffs* – Provide added protection to the skin from liquid and chemical run-off.
- *Pinked Cuffs* – Used on knit-lined gloves to minimize raveling.
- *Safety Cuffs* – A short, open cuff that is made from stiff material to provide added protection to the wrist area.
- *Knit Wrist Cuffs* – Enhance warmth and provide a close fit to prevent debris from entering glove.

Do Glove Linings Make A Difference?

Linings make a difference in the comfort of the glove, and they also have some added benefits that can be of value for certain applications.

Flock Lining

Knit Lining

Unlined

- *Flock Linings* – Consist of shredded cotton or synthetic fiber applied to the interior of the glove, flock linings absorb moisture and make gloves easier to put on and remove.
- *Knit Linings* – Consist of cotton or synthetic material knitted to the interior of the glove, knit linings absorb perspiration and makes gloves easy to put on and remove.
- *Unlined* – Gloves that are unlined offer superior tactile sensitivity and greater dexterity than their lined counterparts. Ordering unlined gloves that have powdered interiors will make them easier to put on and remove.

WHICH GLOVE IS RIGHT FOR YOUR NEEDS?

What Are My Options for Non-Waterproof Gloves?

• **Polyester/Cotton** - Poly/cotton blends are commonly used in string knit gloves because of their comfort, durability and excellent laundering characteristics. By mixing polyester with cotton, shrinkage can be minimized.

• **Kevlar®** - Kevlar is a man-made organic fiber developed for use in high performance applications. The par-aramid fiber has a high-resistance to cuts and slashes which makes it ideal for use in applications where sharp objects are being used. The high tensile strength and low weight of Kevlar makes it durable yet lightweight to wear. Kevlar is flame resistant, self-extinguishes, and can be used in elevated temperatures.

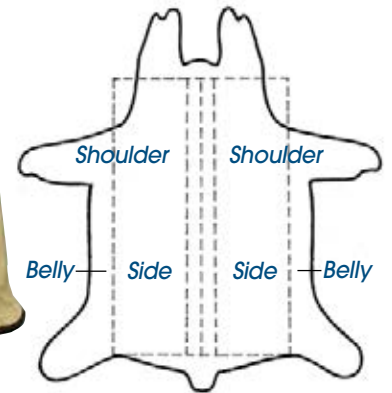

• **Blended Kevlar/Cotton/Polyester** - As gloves are knit, Kevlar is mechanically blended on the outside of the gloves to provide cut protection. Only a few Kevlar threads are woven into the cotton and polyester threads that are used on the inside to provide a very comfortable protective-glove material.

• **Leather** - Leather is the hide, or skin of an animal. The most widely used leather for gloves is cowhide. Other leathers used are pigskin, goat skin and deerskin. Leather is used because it offers abrasion resistance, is flexible, and allows air through its pores. Hides are processed in tanneries by applying chrome sulfate and bichromate of potash (the reason they are called "chrome tanned") along with coloring agents. After processing, the hides are split. The durability of leather is in direct proportion to its thickness, not to its location on the animal. Hides are separated as follows:

Grain Leather - The leather is in the outer, or hair, side of the hide. It is split off the side or belly. Side grain has few cosmetic blemishes. It varies in thickness and is supple. The leather is generally used in garments. Belly grain are small hides that are consistent in thickness and have a good feel.

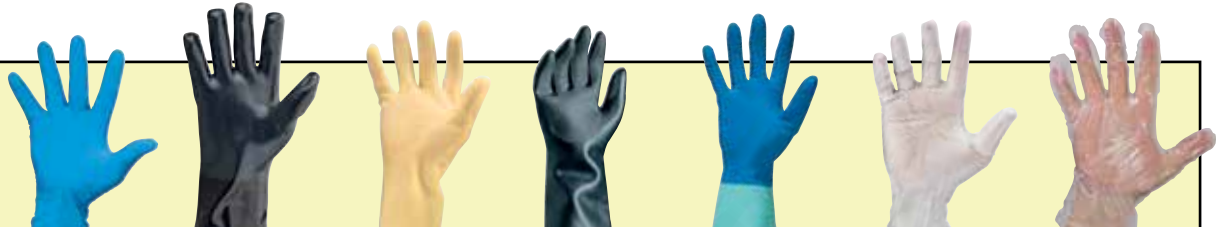

Split Leather - A split is the under portion of a skin or hide. Hides are usually split three or more times. This split may be from the shoulder, side or belly. The shoulder split is the neck portion of the hide. This split is more consistent in thickness and is relatively free from blemishes. The belly split, or underside portion of the hide, has very good tensile strength.

Nitri-Knit™ Supported Nitrile Coated Gloves

High performance supported nitrile gloves, excellent protection against solvents, caustics and animal fats.

- Complies with USDA and FDA regulations, 21 CFR, for use in food processing. Gloves will not swell, sag or weaken from fat absorption.
- Nitrile offers superior mechanical strength and outperforms supported natural rubber, neoprene and vinyl gloves when exposed to solvent, caustics and animal fats.
- True dip coated glove has a permanent bond of nitrile to inner-liner; won't peel apart like glued-in-liners.
- Hand portion is treated with a permanent anti-bacterial and anti-mildew agent.
- Insulated versions recommended for temperatures from -10°F to 300°F (-23°C to 149°C).
- Pebble textured for added grip on wet or dry surfaces.

Honeywell DEARskin™ Foam Nitrile Gloves

The look of a leather driver glove, with the protection, comfort and ease of use that seamless knitted, dipped gloves provide.

- Tan, smooth finish, foamed nitrile over 15-gauge nylon.
- Nitrile coating is flexible and aids in increasing grip on slick surfaces.
- Fully dipped design offers excellent dexterity with better tactile sensitivity when compared to standard cut and sewn leather gloves.
- Nitrile coating is effective in providing incidental splash protection from solvents, caustics and animal fats.
- Lightweight seamless nylon liner offers enhanced comfort over traditional cut and sewn leather.
- Easy on and off open cuff increases ventilation.
- Can be washed over and over without degrading, while remaining soft, flexible, comfortable and free of mold and bacteria. Will not swell, sag or weaken.
- Complies with FDA 21 CFR177 for use in food handling.

Ansell ENDUROSAF®

Outperforms vinyl, neoprene, nitrile, even Hycar.
Resistant to bacteria and staining.

- Provides ten times the abrasion-resistance of PVC, five times that of vinyl.
- Remains flexible in cold temps down to -65° F; withstands heat up to 180° F.
- Material returns to original shape even after a variety of physical and temperature stresses.
- Ten times as resistant to fats and oils as vinyl.
- 8-mil. thickness. • Weighs only 6-oz.

Never before has there been an apron this tough, this lightweight.

Adjustable dielectrically sealed, self-material neck strap.

Strong enough for the toughest of applications.

Self material waist ties are long enough to tie in front or back.

Satin finish wipes clean without staining and is machine washable.

> 24 per case.

Endeavor Apron

Adjustable dielectrically sealed, self-material neck strap.

Self material waist ties are long enough to tie in front or back.

Tougher, lighter, better quality, lasts longer than vinyl, neoprene, nitrile, hycar for a fraction of the price!

- Provides ten times the abrasion-resistance of PVC and five times that of vinyl.
- Resistant to fats, oils, and chemicals.
- Remains flexible in cold temperatures down to -65° F; withstands heat up to 180° F.
- Material returns to original shape even after a variety of physical and temperature stresses.
- Slick finish allows for easy clean-up — machine washable.
- One Endeavor apron will outlast dozens of disposable aprons.
- 5.5-mil. thickness.
- 100% recyclable. • 100% non-toxic.

► 12 per case.

Overalls also available in 5X and 6X size. Call for more details.

Heavy-duty snaps are guaranteed not to corrode.

Heavy-duty suspenders with crossover back.

Need a suit for use in chemical applications? SEE PAGE 99.

DuraScrim™ 3-Piece Double-Coated PVC on Polyester Rainsuit

8-oz. material weight, 10.5-mil. thick.

- Tear-resistant, open weave polyester scrim fabric is sandwiched between two layers of flame resistant PVC coating.
- Flame resistant self-extinguishing with flameout and afterglow less than 2 seconds after removal of ignition source. Test method ASTM D6413.
- Therm-O-Rad sealed seam construction for good chemical splash protection and 100% waterproof protection.
- Thicker outside coating for better abrasion resistance — lighter interior coating protects fabric from chemical contamination.
- Full cut shoulder with 90° sleeve to body angle for maximum freedom of movement.
- Storm fly front seals out wind, rain and contaminants.
- Non-conductive, non-corrosive snaps and buckles.

Detachable hood.

Storm fly front.

Stitched and taped seams

Economy Industrial Plastic Squeegees

- Lightweight, non-marking rustproof squeegees.
- Double-edged, sponge rubber blades are fat and oil resistant.
- The flexible blades conform to irregular and uneven surfaces, making them perfect for smooth, grouted and uneven floors.
- Plastic squeegee with bristles contains fused plastic bristles for greater agitation ability.

> Threaded handle sold separately, see below.

Find the right handle for your needs:

Tapered handles fit most squeegees. Threaded handles fit scrub brushes, push brooms and some squeegees. The handles we list with these products on the following pages, are only our recommendation.

Need help?
Call one of our Customer Service Representatives for additional information, or to find out about other types of handles not shown.

Microfiber™ Cleaning System

Microfiber material dries faster and more thoroughly than common rags and rag mops — reducing the potential for encouraging bacterial, mold and mildew growth.

A Wet Mop Pad

- Greater surface contact eliminates the need to mop the same area over and over.
- Special looped-end fibers glide over floors for easier mopping, no linting.
- Available in two sizes: 18" or 24".

B Dry Mop Pad

- Ribbed center mat attracts and hold dust like a magnet.
- Large looped fringe keeps dust from flying; grabs larger particles and debris.
- Unique design polishes hardwood, marble, terrazzo, and other smooth surfaces as you dust.
- Available in two sizes: 18" or 24".

C Aluminum Heads

- For use with wet or dry microfiber floor pads.
- Heavy-duty aluminum construction.
- Triple riveted Velcro for durability.

Mop Heads attach easily to Aluminum Head with triple-riveted velcro.

D Telescoping Aluminum Handle

- Designed for use with aluminum mop head shown above.
- Handle extends from 39-1/2" to 70".

Handle, Aluminum Head and Mop Pads are all sold separately.

Enviro Terra™ Acid Replacement Cleaner

A totally natural cleaner that combines the high performance of acids with the mildness of liquid dish soap.

- Contains the same cleansing power of acids, without the unpleasant side effects such as skin burns and invisible toxic fumes.
- Effectively removes calcium, lime, rust and other deposits typically found in descaling and rust removal applications.
- Does not have to be shipped, handled, stored or disposed of as a hazardous material. In fact, it is biodegradable and non-corrosive.
- Special clinging action allows longer dwell time on vertical surfaces – easily cleaning complex surfaces like piping, valves and crevices without leaving film or residue.
- Perfect product for manufacturing equipment, building maintenance, food services and washrooms.
- Non-toxic, non-corrosive, non-fuming, non-caustic, and non-flammable.

➤ Apply with foamers seen on page 152-153.

➤ 6 bottles per case.

C. Vanquish "One Step" Gallon Concentrate

Disinfectant • Sanitizer • Cleaner • Fungicide • Deodorizer

Mixed with water, one bottle makes 64 gallons.

➤ 4 bottles per case.

ITEM NO.	PRODUCT	PER GALLON BOTTLE	
		1-3	4+
2117 01751	Vanquish Sanitizer, 1-Gallon	\$17.95	\$16.95

Ideal for multiple uses — hard hats, gloves, scales, aprons, totes, table tops, door knobs, knives, and many more.

Alpet D2 No-Rinse Surface Sanitizer

For food contact surfaces — works where other sanitizers won't! Ideal for water sensitive areas. Use on scales, tables, tools, blades, slicers, mixing bowls, cutting boards, etc.

- Fast drying – 60 second dwell time saves sanitizing turnover time – no rinsing.
- Dual active ingredients – kill 99.999% of both gram positive and gram negative bacteria.
- Fill the empty gallon bottle for easy transportation of solution throughout the plant.
- NOTE: Alpet D2 is an approved boot sanitizer
- Non-corrosive and non-caustic.
- Ready to use – no diluting or mixing.
- NSF approved.
- Kosher certified.

➤ Meets D2 guidelines.

USDA RATING CODES

CODE	APPLICATION	CODE	APPLICATION
A1	General cleaning agents for all surfaces in all areas.	D2	Sanitizers for all surfaces not always requiring a rinse.
A3	Acid Cleaners for all departments.	L2	Enzymatic compounds for use in sewer &/or drain lines.
A4	Floor & wall cleaners for use in all areas.	E1	Odorless hand washing or sanitizing compounds requiring rinse with potable water after use.
A5	Floor & wall cleaners for use in subfreezing temps.	E2	One step hand washing or sanitizing compounds requiring rinse with potable water after use.
A7	Metal polishes — non-food contact	E3	Hand sanitizing compounds. No rinse required after use.
A8	Degreaser & Carbon Remover for cooking and smoking equipment and related surfaces.	E4	Hand creams, lotions & cleansers. Use only when leaving plant.
B1	Laundry products — food contact.		

- **pH, pH (Neat)** - pH is a measure of the acidity or alkalinity of an aqueous solution. Solutions with a pH less than 7 are considered acidic and solutions with a pH greater than 7 are considered to be alkaline or basic. Neat refers to a solution that is undiluted from its concentrated form.
- **Cationic** - Refers to a solution that has greater protons than electrons resulting in a positive charge. Cationic sanitizers are self-foaming and generally used for external or environmental sanitizing.
- **Solvent Cleaner** - Solvent cleaners are used in conjunction or as a replacement for alkaline cleaners. Solvent cleaners are good for removing oils, fats, resins and glues in the food industry.

CHEMICALS: PRODUCTION AREAS

CHEMICALS COLOR CODE SYSTEM: ● ● ● ● ● ●

- **ACIDIC** - A solution that has a pH less than 7. Acidic solutions in the sanitation industry are used to remove organic soils such as mineral and scale deposits. They are also useful in returning shine or luster to stainless steel surfaces.
- **ALKALINE** - A solution that has a pH greater than 7. Alkaline solutions in the sanitation industry are used to remove soils such as fats, greases and proteins.
- **CHLORINATED** - Chemicals that contain sodium hypochlorite (NaOCl). This compound is contained in sanitation chemicals to remove protein soils.
- **CAUSTIC** - Caustics typically refer to cleaning chemicals that contain sodium hydroxide. These chemicals have a very high pH and are used for heavy duty cleaning applications such as CIP, smokehouses, etc.
- **QUATERNARY** - Refers to a particular type of sanitizer containing ammonium chloride. Quat sanitizers are self-foaming and provide a bacteriostatic residual film which provides microbial defense for a period of time after it has been applied to an equipment surface.
- **MILD** - Refers to products that are a neutral pH chemical.

J-Fill® QuattroSelect® Dispensing System

Wall-mounted dispensing system that accurately dispenses four different products into bottles or buckets. This system is safer, more reliable and more accurate than any other chemical dispensing platform in the industry.

- Simple bottle installation. Simply select four cleaning products from the list below.
- One-handed low flow bottle filling, or use the hose to fill a bucket.
- Remote high flow bucket/autoscrubber fill gun. • SmartValve™ product selection.
- No metering tip installation — bottles come pre-tipped to ensure dilution accuracy and cost control.
- Easy to repair, quick change manifold. • Powder-coated locking steel doors to prevent misuse.
- Product identification windows. • Drip tray with drain hose.
- Meets ASSE 1055-B back-flow prevention requirements.

For chemical Safety Data Sheet information visit www.bunzlmsds.com

- Unit Dimensions: 24.25" h x 18.5"w x 7.5"d
- Weight: 15-lbs.
- Low Flow Rate: 1.5 gpm
- High Flow Rate: 3.1 gpm
- Water In-Let Hose: 4'
- Remote Bucket Fill Hose: 8'
- Drip Tray Drainage Hose: 8'
- Water Pressure: 30-85 psi
- Water Flow: Less than 2.0 gpm
- Water Temperature: 50°-100°

Simple installation.

Remote high flow bucket/autoscrubber fill gun.

SmartValve™ product selection.

Low flow bottle filling option.

Enviro-Caustic™ Smokehouse Cleaner

Removes grease, soot, tar and other accumulations from smokehouse walls, floors and ceilings.

- With a pH of > 12.5 and caustic formulation, it offers the performance of traditional caustic oven, grill, and smokehouse cleaners, but is non-corrosive to skin, odorless, biodegradable, and ships DOT non-hazardous.
- The thickened formula sticks to vertical surfaces, to allow for longer dwell time and better cleaning.
- Highly effective on grease, fats, oils, carbon, dirt, and baked-on deposits on food prep and cooking surfaces such as ovens, grills, deep fryers, smokehouses, and meat curers.
- Keep away from heat, open flames, sparks.

➤ Meets A4 guidelines.

➤ 4 bottles per case.

Quickline Showdown

All purpose cleaner and degreaser.

- Controlled foaming for less wiping.
- Aggressive solvent formula — compare to 409.
- Free rinsing — use on any surface not harmed by water.

➤ 6 bottles per case.

Powder Fryer Cleaner

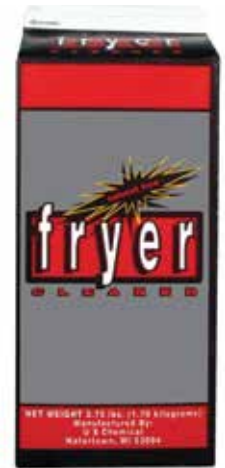

For use only in deep fat fryers.

- Non-abrasive. Does not scratch or abrade surfaces.
- Alerts operator to neutralize the surface.
- No scent. Non-foamer.
- Free flowing powder.
- Applied with a long handled brush.
- Concentrated.

Dilution rate: Straight to 2-3 oz. per gallon of water.

➤ 4 boxes per case.

ITEM NO.	PRODUCT	CASE
6129 6717	3.75-Lb Box	\$49.95

TKO Oven & Grill Cleaner

- Ready to use; no mixing required.
- Powerful Alkaline formula removes burnt-on food, grease and animal fats.
- Use on ovens, grills and stove tops.

➤ 6 bottles per case.

ITEM NO.	PRODUCT	CASE
6129 6693	1-Quart Spray Bottle	\$49.95

Heavy Duty Oven & Grill Cleaner

- Ready to use; no mixing required.
- Powerful Alkaline formula removes burnt-on food, grease and animal fats.
- Use on ovens, grills and stove tops.

➤ 4 bottles per case.

ITEM NO.	PRODUCT	CASE
6129 6718	1-Gallon	\$49.95

QuickLine T-A-P Orange

- Heavy-duty degreaser/cleaner in a convenient, ready-to use form.
- Free rinsing — use on any surface not harmed by water.
- Citrus fragrance.

➤ 6 bottles per case.

ITEM NO.	PRODUCT	CASE
6129 6692	1-Quart Spray Bottle	\$44.95

Freezer Cleaner

Safe, effective concentrate for cleaning frozen food processing areas.

- Cleans at temperatures down to -44°F.
- Odorless • Fast acting. • Corrosion inhibitors.
- Dilution rate: 1:1 or use straight.

➤ 4 bottles per case.

J-Works™/MC Natrasolve® Citrus Solvent Cleaner/Degreaser

High alkaline, D-limonene-based degreaser for industrial cleaning applications.

- Removes adhesives, rubber marks, inks, oils and greases, metal working fluids, shop dirt and food-based soils.
- Use for spray-and-wipe cleaning, mopping and immersion cleaning applications.
- Heavy-duty degreaser with D-limonene.
- **Concentrated. Dilution rate varies.**

ITEM NO.	PRODUCT	CASE
1520 0515	1-Gallon.....	\$129.95

> 4 per case.

Watersaver Junior Insulated Nozzle

Less than 2/3 the weight of a standard industrial nozzle.

- Water saving nozzle, low rate: 5-gpm.
- Constructed of bronze and stainless steel.
- Insulated black rubber cover with yellow directional arrows.
- Instant shut off when trigger is released.
- Rated at 150 psi, up to +180° F.
- Variable spray pattern.

> 3/8" NPT inlet.

Swivel Included!
Ready to connect to standard male GHT.

Variable Spray Nozzles
Trigger lever controls variable spray pattern.

Wide Spray Narrow Spray Tight Stream

Lightweight Aluminum Spray Nozzle

Lightweight, cost-saving industrial spray nozzle.

- Variable spray pattern.
 - Insulated replaceable rubber cover.
 - Instant shut-off when trigger is released.
 - Rated at 150 psi, up to +180° F, flow rate: 7-gpm.
- > Weighs only 1.8-lbs.

> 1/2" NPT inlet.

We recommend use with a 1/2" NPT x female GHT, swivel adapter, sold separately.

Trigger lock with every adapter.

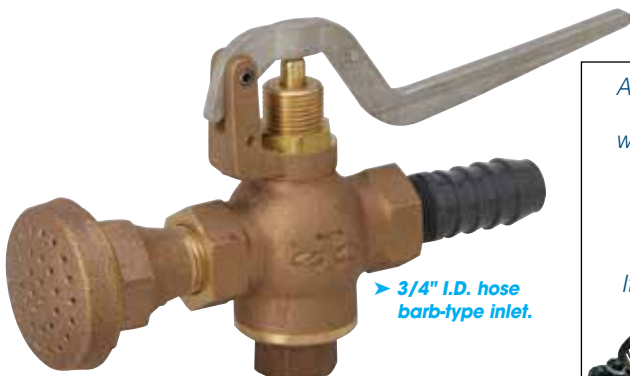

ITEM NO.	PRODUCT	EACH

Hog Wash Nozzle

Designed for use with cold water.

- Replaceable 2" bronze shower head.
- Maximum washing pressure: 200 psi.
- 8" overall length.
- Connects directly to 3/4" ID hoses.
- Automatically shuts off when handle is released.

> 3/4" I.D. hose barb-type inlet.

Plastic Shower Nozzle

Designed for use in food service and processing industry.

- Washers and o-rings are made from high temperature resistant Viton material.
- Leak-proof with ergonomic handle.
- Lightweight and durable.
- Highly corrosion resistant.
- Rated at 185° F (85° C).
Maximum water pressure 100 psi.

> 3/4" I.D. hose barb-type inlet.

Attach to standard garden hose with stainless steel hose clamp, sold separately.

Swivel-Pro Hose Adapter

Increases nozzle control and flexibility, while maximizing operator comfort and safety.

- Allows circular, horizontal and vertical movements of the nozzle without repositioning heavy hose.
- Minimizes stress on the wrist and forearm.
- Rubber coated boot for additional heat protection.
- For applications up to 50 PSI and 200° F.

Swivel-Pro adaptor allows for rotation and pivoting motion for ease of nozzle use.

Insulated Hot Water Spray Nozzle

For use with garden hoses.

- Made of durable stainless steel with molded urethane handle.
- Recommended for use with water up to 180° F (79° C).
- Handle remains cool during operation.
- Water flow rate thru nozzle is 4 gpm at 40 psi.

Includes 15° V-Jet 1/4" nozzle tip.
Order 25° and 40° nozzle tips separately.

1/4 turn-off valve minimizes hand fatigue.

Adapter Included!
Ready to connect to standard male GHT.

FREE SHIPPING*

*FREE SHIPPING does not include UPS Next Day Air, UPS 2nd Day or UPS 3rd Day Select. This offer is good only on orders shipped UPS Ground in the 48 contiguous states. Based on dimensional weight, we will determine the most efficient means of shipment, either UPS or LTL. Certain items may not qualify. Products may ship by truckline.

SEE PAGES 92-98
for Rainwear Suits
and Separates.

HOSE ADAPTERS & ACCESSORIES

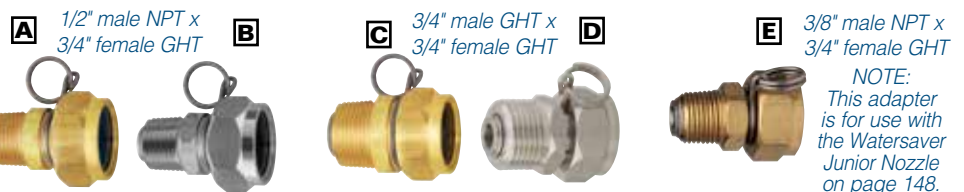

Swivel adapters allow the nozzle to rotate separately from the hose providing a greater range of motion. Swivel adapters also prevent hoses from getting twisted and tangled.

KEY

GHT: Garden Hose Thread

3538 0008	100' Hose	319.95

3/4" I.D. Wrapped Reinforced Yellow Hot Water Washdown Hose

Reinforced with steel wire braid.

- Designed for general clean-up operations where cold water is mixed with steam.
- Plated steel couplings with two power crimp ferrules.
- Highly-resistant to abrasion, animal fat and vegetable oil.
- Rated at 1,000 psi.
- Recommended for water temperatures up to 180° F (93°C).
- Hose assemblies are pre-coupled with garden hose couplings at each end.

Hoses are braided steel reinforced.

Plated steel coupling is power crimped to last longer.

ITEM NO.	LENGTH	EACH
3538 1025	25' 3/4" I.D. w/ GHT couplings each end	\$199.95
3538 1050	50' 3/4" I.D. w/ GHT couplings each end	349.95

Double Braided Nylon Reinforced

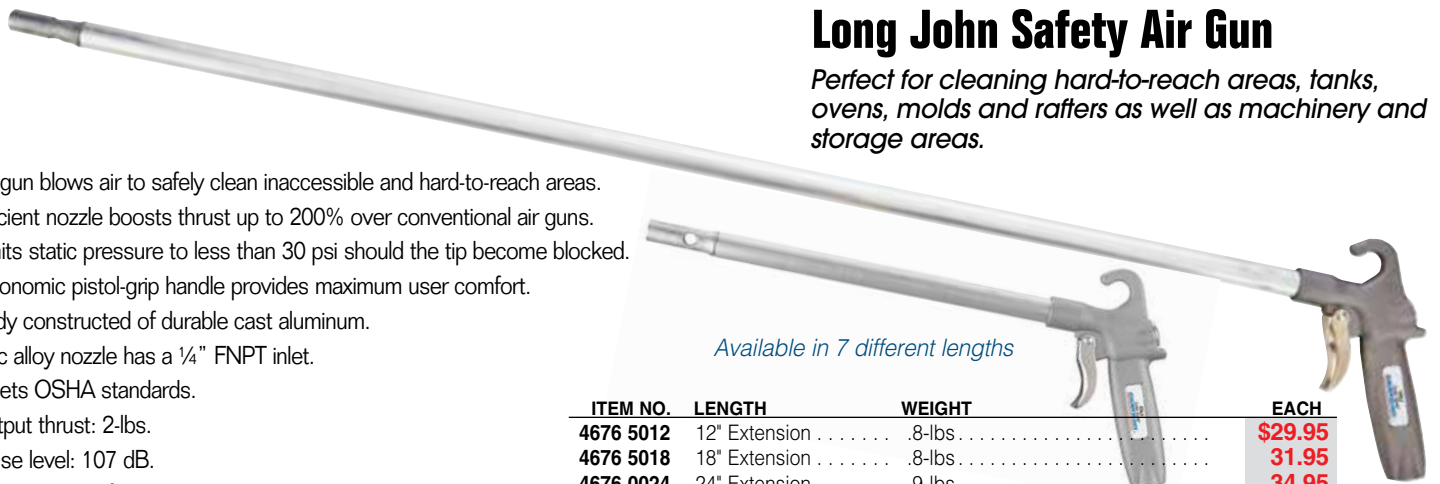

Hot Water Packinghouse Hose

Multiple textile spirals reinforces hose and extends hose life. **FREE with this hose** — rubber insulators that keep the hose cool to the touch.

- Couplings are securely attached to each end of the hose with no sharp edges and are covered by a heavy-duty reinforcement insulator to prevent failure at the base of the hose and to keep the ends cool to the touch.
- Hose assemblies are pre coupled with garden hose couplings on each end.
- Withstands 500 psi.
- Highly-resistant to cuts and abrasions.
- Withstands temperatures up to 212° F.
- Available in 3/4" I.D. & 1/2" I.D.

ITEM NO.	LENGTH	EACH
3538 7108	25' ... 1/2" I.D. w/ GHT couplings each end	\$119.95

3538 0100	100' ... 3/4" I.D. w/ GHT couplings each end	399.95

FREE rubber insulator keeps hose cool to the touch.

Long John Safety Air Gun

Perfect for cleaning hard-to-reach areas, tanks, ovens, molds and rafters as well as machinery and storage areas.

- Air gun blows air to safely clean inaccessible and hard-to-reach areas.
- Efficient nozzle boosts thrust up to 200% over conventional air guns.
- Limits static pressure to less than 30 psi should the tip become blocked.
- Ergonomic pistol-grip handle provides maximum user comfort.
- Body constructed of durable cast aluminum.
- Zinc alloy nozzle has a 1/4" FNPT inlet.
- Meets OSHA standards.
- Output thrust: 2-lbs.
- Noise level: 107 dB.
- Air usage: 34 cfm.

Available in 7 different lengths

M5000 Instant Hot Water Mixing Station

Temperature indicating, instant hot water mixing station. MIX STEAM AND COLD WATER SAFELY.

- Automatic shut-off.
- Requires 50 to 80 psi water pressure and 80 to 150 psi steam pressure.
- Dual-range dial thermometer standard.
- Maximum operating temperature 200°F (93°C).
- Specify steam pressure: Low (80-95 psi), Med. (96-130 psi) or High (131-150 psi).

➤ *Hose and nozzle sold separately.*

3-Gallon Pump-Up Foamer

- Advanced pump design requires less than half the pumping effort typically required to pressurize similar units.
- Flow rate is optimized to conserve solution while generating the ideal volume of foam for the job at hand.
- Internal air injector force-feeds air into the chemical solution to create a rich, clinging foam.
- Includes:
 - High density polyethylene tank with UV inhibitor.
 - Viton seals and O-Rings.
 - Pressure relief valve.
 - "Quick Charge" inflation valve.
 - Internal Lafferty air injector.
 - 4' discharge hose, shut-off valve with latch and fan nozzle.
 - Webbed nylon carrying strap.

► Requirements:
 Temperature: Up to 120°F
 Pressure: Up to 45 PSI

Alpet E3 Plus Waterless Hand Sanitizer

Reduces bacteria on hands or gloves when used as directed. Meets all current FDA requirements for hand sanitizers in food handling environments.

- Approved E3 alcohol rinse sanitizer allows worker to directly touch meat after use.
- Formulated with emollients to soften and improve skin condition.
- Kills 99.9999% (LOG6) of 26 tested pathogens in 15 seconds (including Staphylococcus Aureus, Listeria monocytogenes, Escherichia coli, E. coli O157:H7, and more).
- Meets HACCP guidelines for consistent measurable results.
- Reduces the risk of cross contamination.
- Kosher certified.

➤ Meets E3 guidelines.

ATOMIZATION

The CDC says that 40% to 50% of pathogens on the hands are on the nails and cuticles, where most hand washing misses.

Atomized sanitizers saturate the nails and cuticles, with a consistent amount of sanitizer each time it is used.

GOJO MULTI GREEN® Hand Cleaner

- Multi-purpose hand cleaner removes light to medium industrial soils and dirt.
- Contains a natural, citrus solvent cleaner and non-abrading scrubbing particles.

Fits manual dispensers on PAGE 168.

NSF "E" CATEGORY CODE SUMMARY

Good Manufacturing Practices dictate that these products are to be located a sufficient distance from the processing line and placed in satisfactory dispensers to preclude accidental food product contamination.

E1 Handwashing Products:

- Approved for use throughout the plant.
- Hands need not be washed prior to using.
- After use, hands must be thoroughly rinsed with potable water.
- Use with PURELL E3 Rated Instant Hand Sanitizer prior to handling food.

E2 One-Step Handwashing and Sanitizing Products

- Approved for use throughout the plant.
- Approved for hand/food contact after handwashing.
- Hands need not be washed prior to using.
- After use, hands must be thoroughly rinsed with potable water.

E3 Hand Sanitizing Products:

- Approved for use throughout the plant.
- Approved for hand/food contact after handwashing.
- Hands must be washed and thoroughly rinsed prior to using.
- Hands need not be rinsed with potable water following use.
- For use in combination with GOJO E2 Foam Handwash.

E4 Hand Creams, Lotions and Cleansers:

- Use in federally inspected meat and poultry plants is limited to:
 - toilets
 - dressing rooms
 - non-processing areas
- Employees who process inspected meat, fish and poultry products should use only when leaving the plant.

E2 SOAP & DISPENSERS

E2-Handwashing and sanitizing compound can be used by all plant personnel before returning to the processing line. Eliminates the need to use a sanitizing compound after washing.

E2 Foam Sanitizing Soap, 2,000-mL.

A one-step foaming handwash and sanitizing soap.

- E2 formula has a rich, smooth lather that effectively removes animal fats and oils, and rinses very quickly.
- Meets USDA regulated food processing environment requirements.
- Non-irritating, fragrance-free. • Meets E2 guidelines.
- Meets USDA regulated food processing environment requirements.

FMX-20™ Manual Foam Soap Dispenser, 2,000-mL.

- Unlike pump soaps, one push delivers a generous portion of E2 foam; eliminating waste and allowing almost 3,000 hand washes per refill with 2,000-mL system.
- Dispenser is easy to install and 100% moisture tolerant for washdowns.
- Ideal for high-traffic areas.

Mesh Blaster

Cleans Mesh Gloves from the inside out!

- When mounted vertically the 3" round housing allows mesh to "open up" and rinse thoroughly.
- Use with hot water. 3" stainless housing stays cool when washing in hot water.
- Adapts to fit goose neck faucets. • No moving parts.
- Clean mesh gloves in half the time using hot water.
- Works with extended cuff and wrist length gloves.
- Works with city water pressure or portable pressure booster.
- Heavy duty stainless steel construction will not rust.
- Can be easily disassembled for cleaning.
- Can be configured using multiple work stations.
- Can be operated hands-free.

1/8" FPT outlet

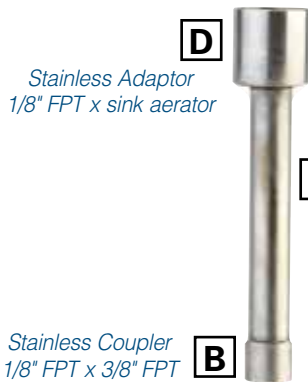

F
Stainless Steel Hand Valve

3/8" FPT inlet

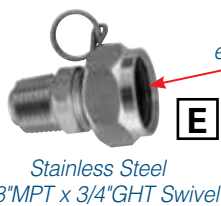

Mesh Blaster can easily be adapted to fit sink aerators (sold above) as well as most popular hoses and water nozzles.

D

Molded Poly Boxes

ToteAll 2000®

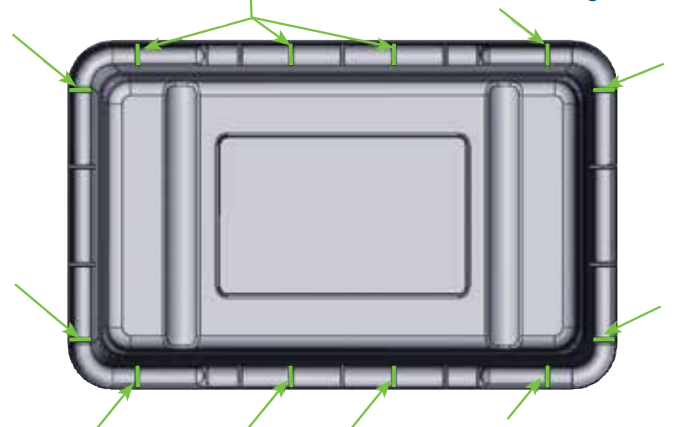

NEW ADVANCED DESIGN
All colors are food approved!

50-lb. capacity
 Weighs only 3.8-lbs. empty
 1.3-cu.ft.

Our ToteAll 2000® poly boxes were already a first-class product, but we didn't want to stop there. We've now added 12 additional ribs along the bottom lifting ledge to increase the strength of the ledge when it's used in tote dollies. These reinforcements took our first-class tote to an all new level of excellence!

The green lines below indicate the location of the additional ribs which were added for increased strength.

4:1 nesting ratio saves space.

All eleven colors are food approved!

Cuts Conventional Freezing Time in Half!

Heavy-duty, high-density polyethylene won't crack or warp in freezers.

Lightweight and easy to clean for reuse.

Holds 1.4 cubic feet, 50-lb. capacity.

Flow through design for maximum air circulation.

Two 3/8" zinc-plated steel wire bails swing down to allow nesting and swing up for stacking.

ChillTote™ Trays

- Freezer proof, stacking/nesting ChillTote™ trays.
- Flow-thru basket design allow maximum air circulation for faster, more efficient freezing.
- ChillTotes fit four-up on standard 42" x 48" pallets.
- Heavy ribs on bottoms of trays prevent the contents of upper and lower trays from freezing together.
- Injection molded from high-density polyethylene to withstand constant freezer temperatures without cracking or warping.
- Maximize your freezer space and eliminate basket shelving by using ChillTote™ aluminum transport dollies (see below).

Retractable Shelf, Side Load Cart

Locking casters keep the cart completely still when needed

- Retractable shelf can hold 18" x 26" or 9" x 26" platters or pans.
- Holds up to 6 platters. Sold separately.
- Base is constructed of 1-1/2" x 1-1/2" x .070" wall tubing. Top framework is constructed of 1-1/2" x 1-1/2" x .070" wall tubing. Angle runners are constructed out of 1-1/4" x 1-5/8" x .100" angle.
- The top and retractable shelf are constructed of 16-gauge stainless steel.
- Top has built-in I-beam constructed of 1-1/2" x 1-1/2" wall tubing, down center of unit for extra support.
- Includes four 5" platform type swivel casters with sealed bearings, all have brakes.

Easy glide angle runners make sliding platters in and out an easy task.

Casters have total locking capabilities, making this unit completely rigid and non-moving when needed.

ProSave™ Ingredient System

Increase productivity, improve food safety and decrease supply costs.

- Scoop hook allows the scoop to be stored inside the bin and out of the product for quick access to each ingredient.
- By holding the scoop handle and securing it to the hook, hands do not touch the ingredients and the risk of cross-contamination is decreased.
- Integrated sliding lid for one handed access.
- See-thru lid slides along easy-glide track, to open.
- Assists in complying with FDA Food Code 30304.12.
- First In, First Out fill compartment.

Integrated Safety Portioning Scoop and hook provide dedicated scoop storage for safe ingredient portioning. Replacement scoop is available. SEE PAGE 248.

Solid Shelf Aluminum Equipment Stands

Constructed with a marine edge to contain spills.

- Load rating is 400-lbs. per shelf.
- Use as a stationary unit or add optional caster set and turn stand into a mobile unit.
- Shelves are constructed of .040" aluminum with 1-1/2" x 1-1/2" x .070" wall tube reinforcement.
- Posts are constructed out of 1-5/16" aluminum pipe with a 5/32" wall thickness.
- Ideal for use with scales, label printers, vacuum machines, patty machines, slicers, tenderizer or mixers.

Add the optional caster kit for mobile stand conversion (includes four, 5" all black polyolefin wheels with 1" swivel, stem-type casters, each with locking brake).

Stand shown with optional caster kit.

Heavy-Duty Platform Truck

Ideal for moving large, heavy, oversized loads in a variety of environments.

- Exclusive, precision-engineered resin and metal composite structure provides maximum load support.
- 6" non-marking polyolefin casters are impact and chemical resistant and won't flat-spot under static loads.
- Powder-coated steel creates a hard finish that is tougher than conventional paint.
- Variable grip-height improves control and worker safety.
- Perimeter deck channel retains small items.
- Textured deck surface reduces load slippage.
- Retainer clips prevent unintended handle removal.

Rubbermaid
Commercial Products

Textured deck surface reduces load slippage.

> 40" x 70"

Retainer clips prevent unintended handle removal.

Stockmate™ Restocking Truck

Keep inventory off the floor and away from aisle traffic.

Integrated holder for Rubbermaid® floor signs and pop-up safety cones.

Bright yellow uprights for high visibility.

Epoxy-coated dent-, chip-, and rust-proof construction.

Dry-erase identification placard.

Work surface with storage compartment provides convenient area to open cartons and store small tools.

Duramold® structural foam plastic deck, with molded-in diamond plate design to reduce load slippage, and a perimeter liquid retention channel.

Two non-marking stationary casters and four swivel casters allow for cart to swivel on its own axis.

Cardboard management system collects excess cartons and keep them off the ground.

Hinged deck design allows platform to be shortened by 35% to reduce storage space requirements.

Ergonomic push/pull handle allows for easy maneuvering.

OPTIONAL 8-gallon refuse bin with molded-in handles for easy lifting and dumping.

> Overall dimensions: 63" x 18" x 64-1/4"
> Shipping Weight: 75-lbs.

MACX™ Storage System

The durability and versatility of steel for the cost of plastic.
Lightweight • Strong • Durable • Stackable

10-high maximum stacking.

Standard MACX™ Bins

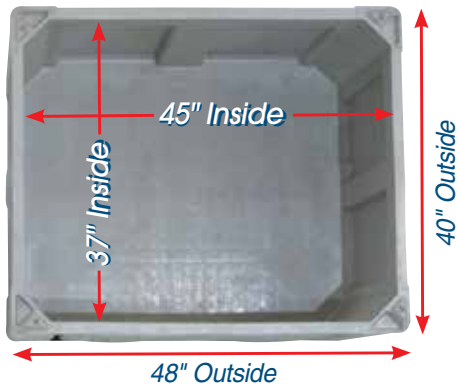

Lightweight, yet strong enough to hold 1,500-lbs. of product.

- One-piece, injection molded construction.
- Made from high-density, food-grade structural plastic with a service life comparable to steel.
- Will not warp, dent, chip, splinter, rot or rust and are chemical and corrosion-resistant.
- Withstands temperatures from -32° to +165° F.
- Completely sanitary: can be high-pressure washed and steam sterilized.
- Capacity: single bin, unstacked, static weight of 1,500-lbs.
- Drain and cap are available for liquid applications.
- Customizable: add casters, drain plugs, label holders, drop doors, attachable lids, custom colors, and even emboss your company logo on the side.

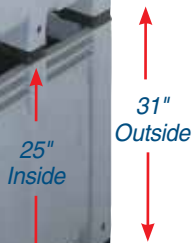

Call for more information about customizing your product.

MACX come standard with built-in dumping straps.

MACX fits your equipment:
48" x 40" standard pallet footprint.
25.4 cubic feet; 190 US gallons.

Collapsible KitBins

All the benefits of the standard MACX™ bin, but with greater space efficiency.

- Withstands temperatures from -40° F to 140° F.
- Holds 1,320-lbs. of product with a 163-gal. capacity.
- Replacement sides available.
- Shipping weight: 84-lbs.

Four disassembled containers fit into one bin, saving up to 75% trailer or storage space.

All walls can be completely detached from the pallet, providing easy access for loading and unloading.

Posi-Lock post securely lock sides together for a sturdy container even during transport.

ShuttleBin 330

Durable and fully-vented, this compact-folding bin is the single solution for retail transport, storage, and display.

- Unique ten-point zipper latch system locks folding walls securely and ensures fast set-up and knock-down for increased productivity.
- Impact-grade plastic lasts longer, standing up to heavy day-to-day use.
- FDA-approved materials are certified safe for use with food products, eliminating many HACCP problems associated with wood bins.
- Splinter-resistant plastic delivers reduced maintenance costs, fewer injuries to workers, and less damage to product and equipment.
- Hundreds of ventilation slots provide improved air flow and reduce heat absorption.
- Lightweight design (only 107 pounds with two drop-down doors) makes handling easy and reduces shipping costs.
- Nonporous surfaces won't absorb water or dehydrate your product like wood bins, and they provide a constant tare weight throughout their use.
- Easy-to-sanitize, smooth surfaces keep cleaning costs to a minimum. A high-pressure wash removes most debris; a nonabrasive brush can dislodge any remaining items.

Drop doors open & close for easy access

- External Dimensions: 40" L x 48" W x 33" H
- Internal Dimensions: 36 3/4" L x 44 3/4" W x 26 7/8" H

Adjustable Aluminum Shelving

- Lightweight and durable, heavy-duty, all-welded aluminum tubing.
- Mix shelf styles on each unit to maximize storage.

Customize For Your Application — Just Order The Components You Need:

Scan this QR code to view a video of the features of this product.

Shelves are ideal for transporting totes, freezer baskets, food boxes, platters, and bus boxes, just to name a few!

1. Start with four 68" uprights (see item number 3775 3916).
2. Pick 4 or more shelves which fit your application. Choose from solid, close center or heavy-duty as shown below.
3. Add the optional caster kit for mobile shelf truck conversion (includes four, 1" stem-type casters, each with locking brake).

Requires RD4 Sockets for round tubing.

The mobile shelf unit shown here uses solid 20" x 30" (3775 4403) shelves.

Shelves are easily assembled with 5/16" Allen wrench.

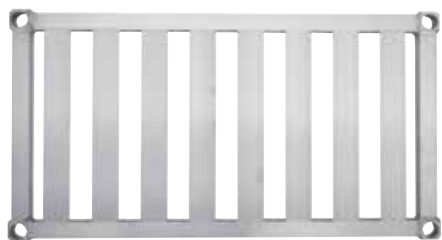

To allow shelves to become a mobile unit, Order Items:
0844 39005 Optional Caster Kit
0844 0172 RD4 Socket for Round Tubing (requires 4)

Choose from the following shelf options:

Close Center Shelves

- Maximum strength and air circulation.
- 1" x 1-1/2" T-bars are welded on 2" centers.
- Durable 1-1/2" x 1-3/4" frame.
- > Load capacity per shelf: 1,000-lbs.
- > Unit load capacity with caster conversion: 700-lbs.

Stainless Steel Elevated Truck

Ergonomic "Back Saver" design for easy loading/unloading.

- Ergonomic working height.
- Solid stainless steel construction with smooth seams.
- Fully welded inside and out.
- Heavy-duty 14-gauge, type 304 stainless steel.
- 5" x 2" black poly wheels: 2 rigid - 2 swivel.
- Drain & cap for easy cleaning.

*Cover only.
Dunnage rack sold separately.*

Anti-Slip Dunnage Rack Cover Stand

- Ideal for converting dunnage racks to personnel stands.
- Keeps workers elevated off the floor.
- Anti-slip cover made entirely of aluminum with drainage holes.
- Corrosion resistant, all welded and easy to keep clean.

ITEM NO.	DIMENSIONS	CAPACITY	SHIPPING WEIGHT	EACH
3775 21361	fits 20" x 36" rack	3,000-lbs	11-lbs	\$119.95

Molded Plastic Wheels

Non-marking, white polyolefin wheels. Recommended for all applications where strict sanitation is required. Ideal for food plants and wet environments.

- Steam clean, detergent proof.
- Acid-resistant.
- Will not mark floors.
- Never requires lubrication.
- Very durable, quiet rolling.
- Fits most popular caster frames.
- Withstand temperatures from -30° to +250°.

See diagram to choose Caster top plate needed.

Heavy-Duty Plate Style Casters

• **Swivel Casters** - Formed legs are continuously welded, 1/4" steel top plate is cold forged and heat treated to relieve stress and add strength.

• **Main Load Bearing** - Fully hardened ball bearings in a hardened raceway.

• **Thrust Bearing** - Large diameter hardened ball bearings roll freely in a hardened raceway.

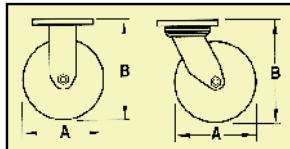

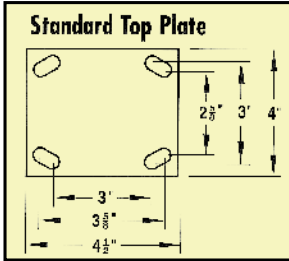

• 1/2" axle diameter
• 3/8" attached bolt.

• **Lube Fittings** -

Provided for both swivel and wheel bearings (for rubber wheels only).

• **King Pin coined and stress relieved** - Holds raceways precisely in alignment.

• **Finish** - Corrosion-resistant zinc.

REPLACEMENT WHEELS

Mold-on Rubber Wheels

- Applications: warehouse environments where floor protection and noise reduction are required.
- Soft rubber tread rolls over floor joints and small obstructions quietly and smoothly.
- Composition: cushioned rubber tread permanently vulcanized to cast iron cores.
- Recommended for quiet movement with medium to heavy loads or where cushioning load is required.
- Temperature range: -30° to 160°F. • Zerk fitting in hub.

Polyurethane on Polyolefin Wheels

- Applications: alternative to polyurethane on steel or aluminum cores, yet offers the same long wearing tread characteristics.
- Resists chemicals, caustics, acids, and oils.
- Composed of polyurethane tread mechanically and chemically bonded to a polyolefin core.
- Quiet rolling yet good load capacity.
- Temperature range: -40° to 180°F.
- Well suited for wet environments with delrin bearings.
- Should not be used where possibility for shock or high-impact exists.

Reinforced Thermoplastic Wheels

- High-resistance to shock and impact loads.
- Resists caustics and chemicals.
- Composed of reinforced thermoplastic.
- Temperature range: -20° to 250°F.
- Low rolling resistance. • Will not absorb water.
- Applications: suitable for food processing environments.

Polyurethane 6" Wheels

Lasts 10 times longer than standard wheels.

- Non marking.
- Quiet rolling with ball bearings.
- Temperature range -50° to 180°F.
- Requires minimum maintenance when installed with stainless bushings and zerk axle. Order separately, see ordering information PAGE 232.

Round tube inside dimension.

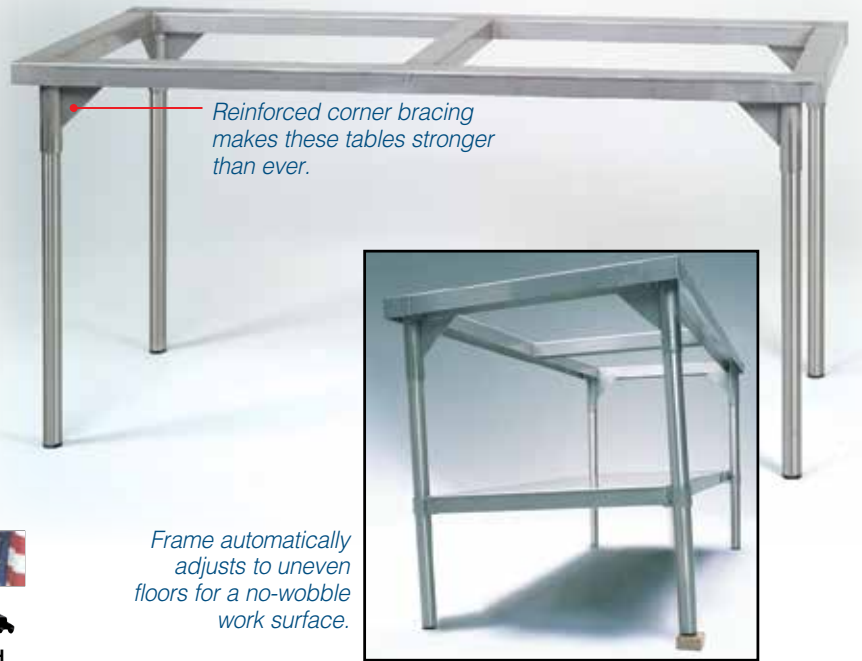

Square tube inside dimension.

Stainless Steel Work Tables

Rock Solid • No Wobble • Guaranteed

1. Start with a "Rock Solid" stainless frame

- Unique design yields a table which is remarkably rigid front-to-back and side-to-side, yet flexible along its length to twist to accommodate uneven floors. Even with a one inch block under one leg, all legs make solid contact with the floor and the table won't wobble or shake, (see inset). The key is the oversized, welded gussets. Legs are adjustable to level the table.
- Available in 72" or 96" lengths x 30" deep.

2. Choose from a split-poly or full stainless steel work top

No tools needed to install either top. Stainless steel clips hold poly top in place. Or, remove the clips and install the full stainless top in minutes. To comply with USDA regulations, the poly top is only available as a two-piece unit.

ITEM NO.	FULL STAINLESS TOP ON FULL TABLE	SHIPPING WEIGHT	EACH
2990 2990	72"1 x 30"w	102-lbs.	\$1,419.00
2990 2991	96"1 x 30"w	113-lbs.	1,819.00

ITEM NO.	SPLIT POLY TOP ON FULL TABLE	SHIPPING WEIGHT	EACH
2990 2992	72"1 x 30"w	.98-lbs.	\$1,299.00
2990 2993	96"1 x 30"w	131-lbs.	1,569.00

ITEM NO.	REPLACEMENT CLIPS (FOR POLY TABLES)	EACH
2990 3254	For 72" Tables	\$8.95

Frame automatically adjusts to uneven floors for a no-wobble work surface.

Breaks down for easy shipping.

Clips simplify removal of poly top.

3. Customize to suit your specific needs

- A** Stainless steel 12" wide shelf runs the length of the table. No drilling or bolting to attach to the table. Allen wrench included. Easy vertical adjustment.

F.O.B. FACTORY

ITEM NO.	OVERHEAD STAINLESS STEEL SHELF KITS	SHIPPING WEIGHT	EACH
2990 4257	For 72" Tables	28-lbs.	\$619.00
2990 4258	For 96" Tables	32-lbs.	759.00

- B** Fully adjustable stainless steel shelf. Shelf removes easily from clips for washdown, no tools needed.

F.O.B. FACTORY

ITEM NO.	LOWER STAINLESS SHELF KITS	SHIPPING WEIGHT	EACH
2990 3250	For 72" Tables	.40-lbs.	\$469.00
2990 3251	For 96" Tables	.55-lbs.	569.00

- C** Backsplash is available for use with poly top tables.

F.O.B. FACTORY

ITEM NO.	BACKSPLASH (FOR POLY TABLES)	SHIPPING WEIGHT	EACH

2990 3249	For 96" Tables	15-lbs.	239.00

- D** Add mobility with 5" diameter casters. Wheels lock at all four corners for stability while working.

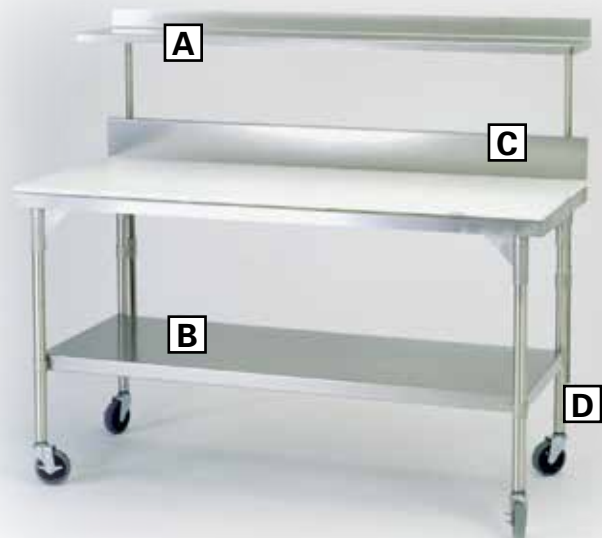

ITEM NO.	CASTER KITS	EACH
2990 3255	For 72" Tables (4 locking casters)	\$119.00
2990 3256	For 96" Tables (4 lock, 2 std.)	159.00

ASSEMBLES IN MINUTES!
The only tool you'll need is an allen wrench, and it's included.

Easily install lower shelf.

BUILD YOUR OWN Aluminum Knockdown Table

Choose from three sizes of either a poly or a stainless steel top, and then add your options.

1. Choose your TYPE of table:

- Aluminum Knockdown Table with Stainless Steel Top.
- Aluminum Knockdown Table with Stainless Steel Top and Backsplash.
- Aluminum Knockdown Table with Poly Top.
- Aluminum Knockdown Table with Poly Top and Backsplash.

2. Choose the SIZE of table:

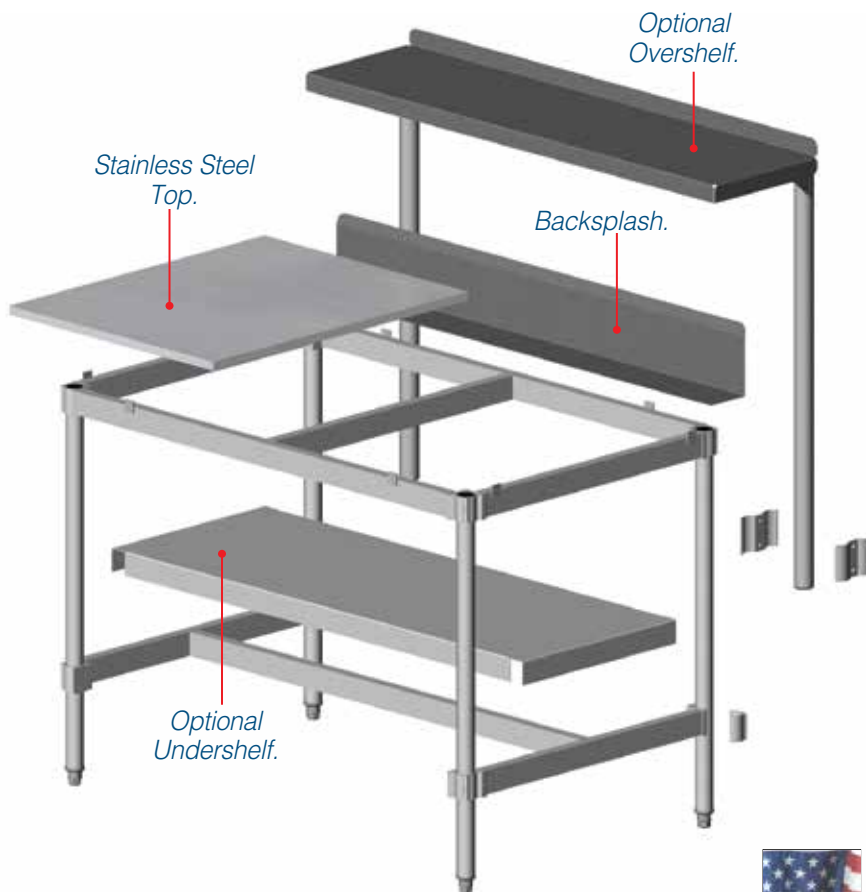

- 48" l x 30" d x 34" h.
- 72" l x 30" d x 34" h.
- 96" l x 30" d x 34" h.

3. Choose one or both OPTIONS:

- Stainless Steel Undershef.
- Stainless Steel Overshef.

NOW, look below at the ordering information box and determine which Product Numbers match the table you have built.

- Knockdown aluminum tables will not rust.
- All tables have an I-under brace for additional support.
- Optional undershef nests on the frame below the table for convenient storage.
- Optional overshef allows you to place objects up and out of the way.

How to: Calculate Replacement Cutting Boards

L x W = Total Sq. Inches

1. Measure length and width in inches.
2. Multiply length x width for total square inches.
3. Divide total square inches by 144.
4. Round calculation up to the nearest foot.
5. Take that number x price per square ft.

Example:

1. Board desired is 13" wide x 76" long.
2. 13" x 76" = 988 sq. ft.
3. 988 divided by 144 = 6.86
4. Round 6.86 up to nearest foot = 7
5. Take 7 x price of board per square ft. = Total price

We recommend boards no larger than 18" wide x 5' long, removable for cleaning by a single worker.

Sanalite Poly Cutting Board Table Tops

An economical alternative to wood surfaces.

- Made of sanitary polyethylene with a reversible slip-resistant pebble finish that won't dull knives.
- Surface will not absorb odors – clean with soap and water.
- Select from three thicknesses, sold per square foot.

Slip-resistant textured surface

USDA requires that all boards can be removed by a single worker and measure no larger than 1-1/2' x 5' in size.

Custom Cut Into Any Size or Shape to Fit Your Table!

Call for information on calculating dimensions for replacement cutting boards. Boards 3' x 4' or smaller ship UPS. Larger boards are shipped via freight line.

ITEM NO.	PRODUCT	F.O.B. FACTORY	PER SQ. FT.

ELIMINATE CROSS CONTAMINATION

Toter® Atlas Containers

Commercial-grade, large-capacity rugged containers are built to last

- Advanced Rotational Molding manufacturing process provides extreme durability, superior impact-resistance, and long life.
- Patented Rugged Rim® construction – exclusively from Toter.
- Single-piece design, with non-slip handles molded into the container, so they won't rip or tear off during use.
- Heavy-duty construction protects against wear.
- Can be used for a variety of applications including trash, recycling, yard waste and animal feed, indoor or outdoor use.
- Drum Color: light gray
- Lid Color: black

Scan this with your mobile device QR code reader to watch a video about Advanced Rotational Molding

Factory installed dolly adaptor works with universal caster dollies.

Molded non-slip handles.

Fluted inner walls make removal of plastic bags or liners effortless.

44-Gallon SuperKan™

- Ribs and strength radius added under rolled top increases hoop strength significantly.
- 15% increase in wall thickness from stacking shoulder to receptacle top.
- Strength radius around interior stacking shoulder prevents creasing and promotes durability.
- Vertical reinforcement bands create superior hoisting performance.
- Color: black only.

See page 254 to order round 44-gallon lid.

See page 257 to order dollies and accessories.

Reinforced interior ribs increase hoop strength.

Molded-in reinforced handles with cross-hatching in grip area. Strength radius added where most handles fail.

Reinforced base for added weight capacity. Built-in drag pads extend the life even when drawn over rough surfaces.

4 per case.

44-Gallon Brute® with Venting Channels

Removing liners is now easier than ever!

- Innovative venting channels make lifting out liners up to 50% easier, improving productivity and reducing the risk of injury.
- Integrated cinches secure the liner, allowing for efficient knot free liner changes. Tested to 20,000 cycles.
- NSF 2 & 21 Approved.

Four patent-pending venting channels dramatically reduce the force required to remove a full can liner.

Contoured base handles improve grip and ergonomics, reducing strain and improving efficiency when emptying containers

Four liner cinches allow for efficient knot free liner changes.

Optional self-draining lid.

Ribbed Brute and lid work with all existing Brute® products.

SUPPORT PLUS®

Traditional back support with the "PLUS" of a removable lumbar pad for extra support and comfort.

Fully adjustable wide suspenders.

Wide 10" back for full lumbar support with tapering 6" abdominal support for a comfortable, contour fit.

Removable, semi-rigid, high-density, polyethylene pad limits spinal rotation and provides warmth and support to the lower back muscles.

Diamond-back, 4-inch elastic side-pulls allow custom adjustment for maximum comfort and support.

Patented Sta-Put™ loops utilize the workers' belt to prevent support roll-up.

Five fabric-enclosed, heavy-duty stays for added stability and support.

Safety Can with Funnel for Flammables

Fully compliant design meets OSHA standards.

- Self-closing lid controls vapors and spills.
- Full length, dual-density flame arrester dissipates heat to prevent flashback ignition.
- Longer length allows easy, secure placement of gas nozzle.
- Leakproof, positive pressure relief cap vents to prevent rupture or explosion.
- 21-gauge coated all steel construction for maximum durability and chemical resistance.
- Large 1/2" grip along bottom helps support pouring.
- Reinforcing ribs strengthen side walls to guard against bumps and bangs.
- Durable, high-gloss powder paint finish resists solvents, corrosion and humidity.
- Trilingual warning label in English/Spanish/French.
- Rounded comfort handle won't cut into hand.
- Comes with a durable polyethylene funnel that slips on and off can easily.

Includes funnel.

Grip Tight™ Circuit Breaker Lockouts

Offers superior holding power with just a simple thumb turn and clamping handle.

- Two styles from which to choose: one for standard single and double breaker toggles, the other for tall and wide breaker toggles.
- Narrow profile permits side-by-side breaker lockout.
- Constructed of powder-coated steel and reinforced polymer to operate in harsh conditions.

ITEM NO.	PRODUCT	EACH
3198 04931	A. For Standard Single and Double Toggles	\$6.95
3198 04911	B. For Tall and Wide Toggles	8.95

Self Laminating Photo ID Safety Tag

- Provides a visual representation of the authorized employee.
- 3/8" diameter brass grommet accepts all Master Lock and American Lock safety padlocks and hasps.
- Complies with OSHA lockout/tagout standard.
- Durable laminate overlay resists water, grease, extreme temperatures and common industrial chemicals.
- Durable construction withstands over 50-lbs. of pull force.
- Customize with name, department and employee specific photo I.D.

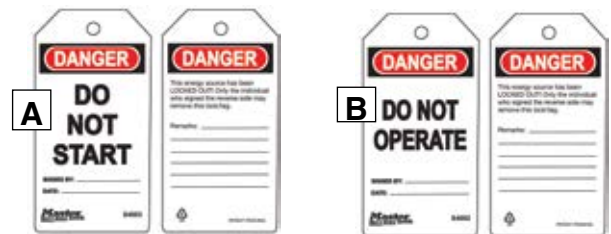

➤ 12 tags per bag.

ITEM NO.	PRODUCT	SIZE	BAG
3198 48015	"Do Not Operate" Photo ID Safety Tags.	3.2" x 5.8"	\$24.95

Guardian Extreme™ Safety Tags

- Use indoors or outdoors.
- Stands up to wash down, humidity and temperatures from -50° F to +220° F (-46° C to 104° C).
- Superior chemical resistance to over 30 chemicals.
- Withstands over 80-lbs. of pull force, exceeding OSHA requirements.
- Write on information with permanent marker. Wipe off information with Isopropyl Alcohol. (See #3542 29995 Thermometer Probe Wipes on page 514).

➤ 6 tags per bag.

Maximize Employee Productivity in Hot Environments.

Sqwincher is one of the most cost-effective ways of increasing productivity, while helping lower the number of workplace accidents.

Just like hard-working machinery, bodies need fuel. And to ensure peak performance, your employees need fuel that works as hard as they do, with a taste that keeps them revved up for more. Research shows that a high number of work-related accidents are attributed to "bad judgment" or failure of safety equipment, when, in fact, heat stress and fatigue may actually be the cause. Stop heat stress before it starts.

Sqwincher is focused on the **INDUSTRIAL ATHLETE** who is performing in extreme conditions for 8-12 hours, 5 to 7 days a week. Contains 50% less sodium and 50% more potassium than other sports drinks.

2.5-Gallon Powder Pack™

- Full of electrolytes which stimulate rapid fluid absorption and quickly replace elements lost in sweat.
- One packet makes 2-1/2 gallons.
- Low sodium. • No caffeine. • Gluten free.

> 32 packs per case. (Sold by case only.)

Biohazard Disinfecting Absorbent Kit

The safe, easy and economical spill clean up.

- Easily cleans up biohazard accidents such as vomit, blood and other body fluids while treating the spill with a powerful disinfecting agent.
- Each canister of Biofresh can absorb and disinfect up to one-half gallon.
- Safe to use and is specially engineered to instantly absorb, contain, and disinfect on contact.
- Unlike other sorbents made from clay, D.E., or other decomposable materials, Biofresh will not break down and release its absorbed contents, contaminating the environment.

Kit includes:

- 1- Canister of Biofresh
- 2- Personal Protection Kits
- 1- Step-by-step illustrated instructions

Personal Protection Kit includes:

- 1- Dust mask
- 1- Pair non-latex protective gloves
- 1- Small, disposable dustpan and brush set
- 1- Red biohazard disposal bag and zip tie
- 2- Disinfecting towelettes

Faucet-Mounted Eye Wash

Converts any faucet into an emergency eye wash station without interfering with normal faucet operation.

- Aerated outlet heads deliver a soft, continuous flow of water.
- Float-off dust covers protect outlet heads.
- Adjustable heads permit full coverage and avoid splashing.
- Turn on water and pull knob to activate eyewash.
- 55/64" - 27 female thread inlet comes with 3 adapters (15/16" - 27, 13/16" - 27 and 3/8" IPS) for installation on most commonly used faucets.
- Meets ANSI Z358.1- 2014 Classified Personal.

ITEM NO.	PRODUCT	EACH
B731 01021	Faucet-Mounted Eye Wash	\$89.95
B731 03071	Replacement Float-Off Dust Covers (package of 2)	7.95

Gravity-Flow Portable Eye Wash Station

Delivers over 16 gallons of water for 15 minutes— complying with ANSI Z358.1 - 2014 for eye washes.

- 16-gallon eye wash unit uses gravity to deliver water through dual spray heads.
- Water flow is activated by pulling down on bright yellow eye wash tray.
- Safety green polyethylene tank has a built-in carrying handle with heavy wall construction and durable ribs to support weight of unit.
- Includes epoxy coated steel bracket for wall mounting — unit can also be placed on countertop or other flat surface.
- ANSI-compliant identification sign included.
- Includes bottle of bacteriostatic additive to protect water against growth of bacteria, fungus, algae and acanthamoeba for up to 6 months.

ITEM NO.	PRODUCT	EACH
B731 01151	Eye Wash Station	\$259.95
B731 01161	Replacement 8-oz. Bottle of Bacteriostatic Additive	14.95

Wall-Mounted Eye Wash Station

Two spray heads deliver a soft flood of water for rinsing eyes.

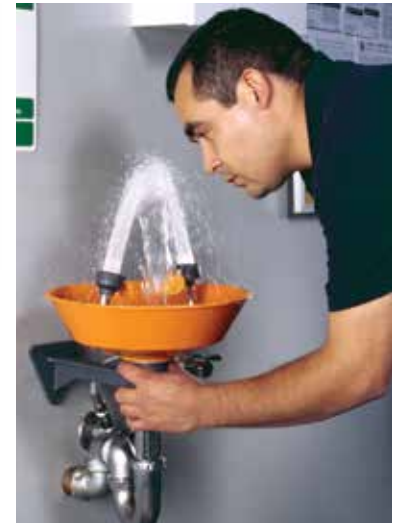

- Both spray heads have a flip-top dust cover.
- Internal flow control and filter removes impurities from the water flow.
- Push handle activates IPS chrome-plated stay-open ball valve.
- Bowl is 11-1/2" in diameter.
- Heavy-duty cast aluminum wall bracket with corrosion-resistant powder coated finish.
- Supply 1/2" NPT female inlet; Waste 1-1/4" NPT female outlet.
- Available in an orange ABS plastic or a stainless steel bowl.
- Meets ANSI Eyewash Z358.1 - 2014 Standard.
- ANSI-Compliant sign included.

Scan this QR code to watch a video about UVex HydroShield Anti-Fog Coating.

Honeywell
UVEX

Soft, elastomeric browguard cushions every point of contact with face and acts as a shock-absorber to lessen impact.

Non-slip nosepiece "fingers" conform to most nasal profiles for a comfortable fit.

About UVEX uvextreme[®] AF

Anti-fog coated lenses reduce the attraction of dust and particles and are resistant to a wide range of chemicals — it won't wear off even after repeated cleanings.

NEW HydroShield™ Anti-Fog Coating

Anti-fog coating engineered to provide 60x longer lasting fog-free performance compared to other anti-fog coatings. Provides 2x greater scratch resistance and no maintenance.

Genesis[®] Safety Eyewear

- Lightweight, yet resilient external frame.
- Scratch- and fog-resistant lenses have Uvextreme[®] anti-fog coating and blocks 99.9% of UV rays.
- Meets both ANSI Z87.1-2010 and is certified to the requirements of the CSA Z94.3 standards for impact protection.
- Meets military V₀ ballistic test for impact.

> 10 per case.

! WARNING on 3M/EAR™ Hearing Protection: These hearing protectors help reduce exposure to hazardous noise and other loud sounds. Misuse or failure to wear hearing protectors at all times you are exposed to noise may result in hearing loss or injury. For proper use, see supervisor, User Instructions, or call 3M in the USA at 1-800-243-4630. In Canada, call Technical Service at 1-800-267-4414. If there is any drainage from your ear or you have an ear infection, consult with your physician before wearing ear plugs. Failure to do so may result in hearing loss or injury. * Research suggests that many users will receive less noise reduction than indicated by the NRR due to variation in earplug fit and wearing time. It is recommended that the NRR be reduced by 50% for estimating the average amount of noise reduction provided.

Noise Indicator

Increased awareness for better hearing protection compliance.

- Provides visual "Go/No Go" indication of noise levels below or above 85 dBA.
- Simple one-button operation with a rechargeable battery.
- Provides an affordable training tool for helping workers know when hearing protection may be required.
- Increase awareness of hearing conservation guidelines.
- Can be used as a mapping tool to qualify future noise studies.

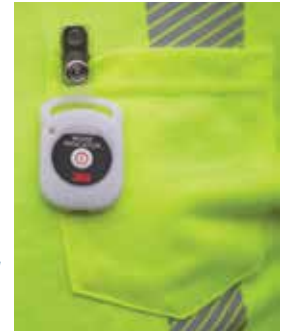

Charge with USB cable accessory (sold separately below). Provides up to 200 hours of use between charges. 10-hour auto-power off helps prolong battery life for extra cost savings.

Flashing green indicates noise level is below 85 dBA and flashing red indicates noise level is above 85 dBA and hearing protection may be needed.

Small and lightweight. Clips to lapel or shirt pocket.

CHOOSING A RESPIRATOR

To select the appropriate respirator, one must know the contaminants from which they need protection. Details on various substances can usually be found on the MSDS if the contaminant is a raw material used in production. If the contaminant is some type of by-product of a work process, more extensive investigation as to what the contaminant is composed of may be required. Once the contaminant has been identified, it is necessary to determine its concentration by performing air sampling in the work area.

Some other factors to take into account when choosing a respirator are the length of time the worker is exposed to the contaminants, specific conditions at the workplace, whether the workplace is indoors or outdoors, other types of personal protective equipment that is being used and whether chemical exposures may occur at the workplace.

Taking these findings into account, there are two types of respirators from which to choose, with many types of cartridges and filters that are used to block various gases and/or chemicals. These cartridges fit both half mask and full facepiece type respirators. The half-mask respirator follows the contours of your face and fits over your nose and under your chin. It grants you a wider field of vision than a full facepiece respirator and allows you to wear most types of eyewear along with the mask. Full facepiece respirators fit under your chin and over your head, and provide the same protection as a half-mask respirator. However, a full facepiece respirator protects your eyes and face from airborne particles, chemicals and gases that could damage a worker's eyes.

Resistance to Degradation

Filter Efficiency Levels

	95%	99%	100% (99.97%)
N Non-Oil: Solid particulates and non-oil aerosols that do not degrade filter performance.	N95	N99	N100
R Oil-Resistant: Solid particulates and degrading oil based aerosols. 8 hour use limitation.	R95	R99	R100
P Oil-Proof: Solid particulates and oil based aerosols. No use limitations.	P95	P99	P100

Honeywell

NORTH

North 4200 Series Limited Use Respirator

- Reusable soft facepiece prevents N95 filters from collapsing, making them last longer – which means less inventory and less waste.
- Filters stay cooler, dryer and last longer than disposables.
- Easily perform negative seal check.
- Adjustable harness ensures a comfortable and secure fit and allows respirator to conveniently park around the neck when not in use.

EASY TO REPLACE FILTERS

1 Open facepiece cover, remove and discard used filter.

2 Insert a new filter between the facepiece and the cover.

3 Snap the cover back into place by pressing on filter cover.

Replacement N95 filters available. Order info below.

> Welder respirator available for protection from heat, sparks and slag. Call for more information.

7000 Series Half Mask Respirator

Fewer parts, minimal maintenance and a wider field of vision.

- Ultra-lightweight, durable, and economical, so maximum comfort with extended use is built-in.
- Compact to easily fit under welding helmets.
- Features optional drop down/lock down strap modes.
- Contoured neck buckles for comfort and quick attachment.
- Contoured neck buckles for comfort and quick attachment.
- NIOSH approved.

All Moldex products and packaging are 100% PVC-Free for a greener alternative.

Adjustable head harness for a custom fit.

Wide flange fits more facial shapes comfortably.

Low profile, angled cartridge placement for wider range of vision.

Drop down mode.

Contoured neck buckles for comfort and quick attachment.

Attached exhale cover for easy inspection.

Easy mount bayonet cartridge/filter attachment.

Cartridges and Filters

A. Olive Multi-Gas/Vapor Smart® Cartridge protects against Organic Vapors, Chlorine, Hydrogen Chloride, Sulfur Dioxide, Hydrogen Sulfide (for escape only), Hydrogen Fluoride, Chloride Dioxide, Ammonia, Methylamine and Formaldehyde. Can be combined with White N95 Particulate Filter for added protection.

B. White N95 Filter protects against solid non-oil based particulates. Provides 95% minimum efficiency. With the use of the filter retainer (C.) this filter can be combined with the Smart® Cartridge for added protection.

8000 Series Half Mask Respirator

Inhalation valve is replaced with every cartridge preventing bacteria build up.

- Soft, yet durable respirator is comfortable to wear and provides a wide field of vision.
- Snap-mount cartridge has no valves to clean, allowing for minimal cleaning and maintenance.
- NIOSH approved.

Adjustable straps don't fall into the field of vision.

Multi-Gas/Vapor Smart® Cartridge

Filter Retainer

Inhalation valve is built into cartridge, not into the mask itself. No valves on the mask to clean — remove all bacteria with every cartridge change!

All Moldex products and packaging are 100% PVC-Free for a greener alternative.

THE MAGIC OF COMPOSITE YARNS
Composite yarns are various combinations of stainless steel filament combined with high strength cut-resistant fibers.

WARNING: THESE GLOVES ARE CUT-RESISTANT BUT NOT CUT PROOF. DO NOT SUBJECT TO MOVING OR HIGHLY SERRATED BLADES.

Defender® Cut-Resistant White Gloves

Patented combination of composite yarns and stainless steel offers superior cut resistance and minimizes lacerations.

- Ambidextrous gloves can be worn on either hand.
- Easy to clean - can be hand washed, machine washed or even put in the dishwasher.
- Prewashed and preshrunk.
- Defender gloves feature antimicrobial fibers, which offer an additional layer of protection by inhibiting bacterial and fungal growth.
- CRF21 approved for food contact.

Metal Mesh Glove Blaster

Cleans Mesh Gloves from the inside out!

- When mounted vertically the 3" round housing allows mesh to "open up" and rinse thoroughly.
- Use with hot water. 3" stainless housing stays cool when washing in hot water.
- Adapts to fit goose neck faucets.
- Clean mesh gloves in half the time using hot water.
- Works with extended cuff and wrist length gloves.
- Works with city water pressure or portable pressure booster.
- Heavy duty stainless steel construction will not rust.
- Can be easily disassembled for cleaning.
- Can be configured using multiple work stations.
- Can be operated hands-free.
- No moving parts.

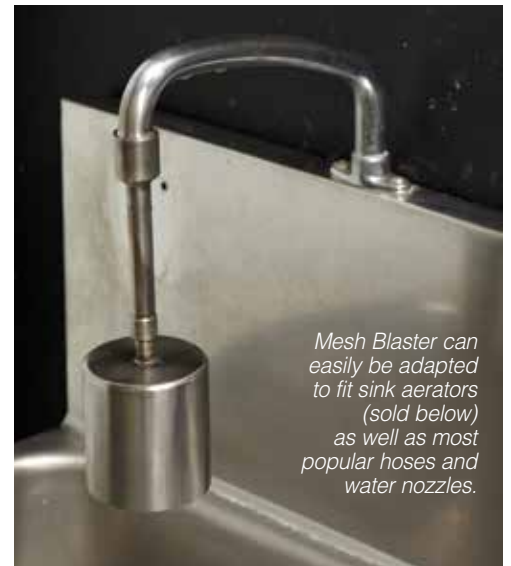

Scan this QR Code to watch a video about the Mesh Blaster

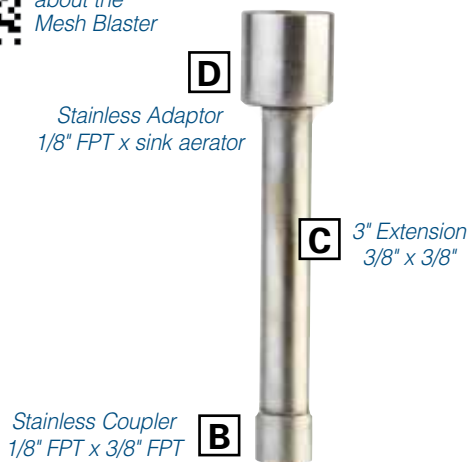

Stainless Steel Hand Valve

1/8" FPT outlet

3/8" FPT inlet

Mesh Blaster can easily be adapted to fit sink aerators (sold below) as well as most popular hoses and water nozzles.

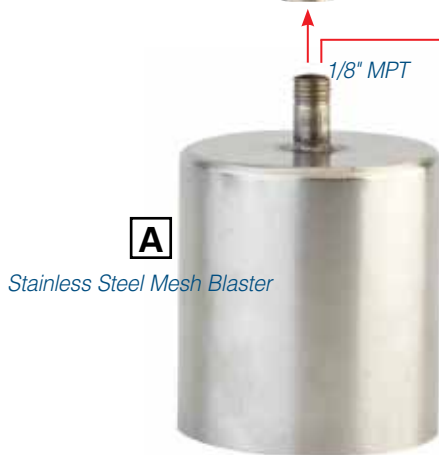

Stainless Adaptor 1/8" FPT x sink aerator

3" Extension 3/8" x 3/8"

Stainless Coupler 1/8" FPT x 3/8" FPT

Glove easily slips over the 3" nozzle

Stainless Steel Mesh Blaster

1/8" MPT

Attach directly to hand valve with hose and swivel or combine with adaptors for sink use.

Stainless Steel 3/8" MPT x 3/4" GHT Swivel

GHT can easily attach to hose

Replacement Nozzles

Unique nozzle design sprays high pressure water in eight directions.

Niroflex2000® All Stainless Steel Metal Mesh Glove

USDA accepted mesh glove

- The links on a Niroflex2000 glove link over and under to at least four adjacent rings, making them stronger, safer and more secure than other mesh gloves — even at the seams!
- Stainless steel clips provide a secure fit and will not harbor bacteria.
- 100% stainless steel — no more nylon strap repairs!
- No springs are used, so glove is totally adjustable for any worker.
- Easy to clean — just use the same process used to clean your knives.
- Ambidextrous glove can be turned inside out to fit either hand.
- Available in wrist length or with a 6" extended cuff.
- Ultra-comfortable, food-safe, TPU (Thermoplastic Polyurethane) stiffeners are color-coded for easy size identification.

niroflex 2000®

6" cuff style has thermoplastic polyurethane stiffeners to keep cuff from sliding down.

All gloves include bar code tags with serial numbers so that they can be tracked, scanned and recorded.

NOTE: These gloves are sold individually, NOT as a pair.

NOTE: We recommend that all metal mesh gloves be worn over a cotton knit glove. SEE PAGE 59.

Stainless Steel Metal Mesh Glove

- Plasma weld creates a hermetically sealed welding joint that is stronger and won't trap microorganisms — preventing contamination.
- Patented Steel Tension Spring-System offers a simple wrist fastening system that does not require straps or buckles — making the glove more sanitary and comfortable to wear.
- Each glove includes a metal serial number tag.
- Ambidextrous.

Chainex® 100% Stainless Steel Mesh Glove

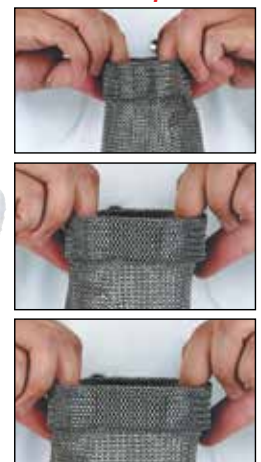

Durable stainless steel strap is bacteria-resistant and won't rust.

- Color coded tags for easy size identification.
- Constructed of high tensile stainless steel rings for the highest protection against cuts, slashes and lacerations.
- Reversible gloves are tapered to contour to the shape of the hand for a comfortable fit.
- Construction is four ring joined, even at the seams to prevent dangerous knife sticks.
- No clips or fasteners to snag or come loose, strap is sealed within the mesh for a clean, comfortable and secure fit.

Wrist length cuff.

NOTE: These gloves are sold individually, NOT as a pair.

Wide, spring metal strap conforms comfortably to the wrist.

THE NEW INDUSTRY STANDARD FOR AFFORDABLE METAL MESH CUT PROTECTION!

WORKHORSE® Stainless Steel Metal Mesh Glove, with Claw Hook closure

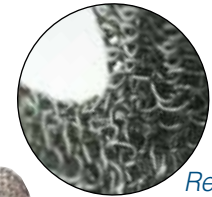

The longest lasting, safest, most comfortable mesh glove — at the **LOWEST COST!**

- The links on glove connect over and under to at least four adjacent rings, making them stronger, safer and more secure than other mesh gloves — even at the seams!
- Heavy gauge stainless steel rings are machine welded to give the longest lasting protection against cuts and lacerations.
- Ergonomically designed to give the best fit and dexterity.
- Easy to clean.

WRIST-LENGTH CUFF, CLAW HOOK CLOSURE

Knives for professional users since 1891

Our factory is located in Mora, Sweden – just as it was a century ago. This is where we manufacture all our knives using a combination of craftsmen skills and modern technology. Design, materials, and ISO 14001 certified green methods are all constantly refined by staff who have inherited generations of professional knowledge. This can be seen in our long tradition of making top quality knives for the food industry.

We have a complete range of food industry knives for professionals, which we manufacture under the brand Frosts®.

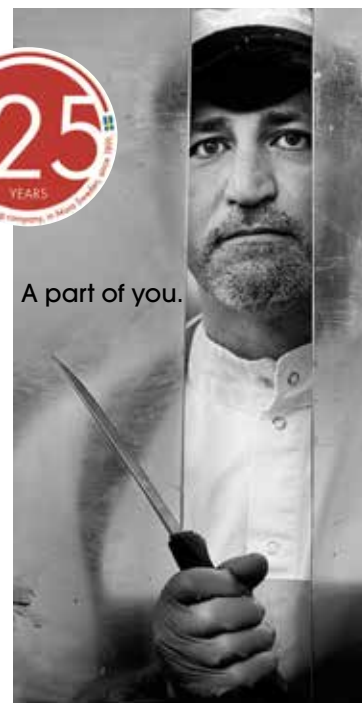

The carefully selected steel enables our knives to be sharpened to an extreme edge and sharpness that lasts. The handles are ergonomically designed allowing work to be done with force, precision and in a controlled manner. This reduces the risk for work and repetitive strain injuries.

The consistent, high quality of Mora knives enables users to receive a great deal of benefit and joy from them over a long period of time.

Your Frosts® knife becomes a natural part of your profession and your workday.

A part of you.

Frosts Flex index

Hygiene and long life

Our food industry knives are made according to the legislation and regulations on safe and hygienic handling of foods. The knives are manufactured with a seamless connection for the blade and handle core. High friction handle surface resists wear and is easy to clean and maintain.

ERGONOMIC HANDLE TYPES

G-Grip: Polyamide handle with microblasted structure for optimum friction

Blade made of Swedish stainless knife steel. Hardness: 58 HRC. Easy to sharpen. Recommended for pork and lamb processing.

G - Standard polyamide handle

G1 - Handle with finger grips

G2WG - Handle with a large finger guard and grips

G3WG - Handle with a larger finger guard and grips

Ergonomic-grip: Elastomer rubber handle

Blade made of Swedish stainless knife steel. Hardness: 58 HRC. Easy to sharpen. Recommended for beef processing.

E - Double-moulded rubber handle with an etched structure. Suitable for wet conditions.

E1 - Double-moulded rubber handle with an etched structure and finger grips. Suitable for wet conditions.

ER - Double-moulded rubber handle with a ribbed pattern. Standard size.

ERS - Double-moulded rubber handle with a ribbed pattern. Small size.

Straight Boning Knives

- High-carbon, no-stain steel to give the best possible service and life.
- Blade memory allows knife blade to return to its original position when it bends or twists during the cutting process.
- Ingrained pattern in the handle improves friction when knife is wet or greasy.
- Boning knives are designed for both diagonal and dagger positions – eliminating the need to shift the grip on the knife.

Granton® Edge Knives

Premium Stainless Steel Blade • Non-Slip Plastic Handle • Safety Guard

Granton® Handles are double-tapered and ergonomically angled. For added comfort, the thumb platform is contoured and the blade back is rounded.

Developed by Granton® over 50 years ago, the Granton® Edge is a superb razor sharp cutting edge that can be re-sharpened on a steel in the usual way.

Granton® Edge

Patented ground scallops are the secret to the Granton® advantage.

Granton® Edge knives use an innovative fluted edge that creates air cushions which allow for very smooth, fast cutting.

Granton® blades are made from fully hardened and tempered Sheffield stainless steel.

Double-Bladed Knife

Ideal knife for cutting along poultry keel bones.

- Simply remove the screw and the double-bladed knife becomes two separate knives with handles — allowing for easy sharpening.
- Optional dual edge sharpener allows both blade edges to be sharpened simultaneously.

Remove screw and the double-bladed knife becomes two separate knives.

Sharpen with steel of choice or optional table-mount sharpener (both sold separately).

Optional sharpener.

ITEM NO.	PRODUCT	EACH
3523 10151	Double-Bladed Knife	\$59.95
3523 24001	Table-Mount Sharpener (mounting hardware not included)	79.95

Double-Bladed Keel Knife

Choose between 1/8" spacing or 1/4" spacing for larger fowl.

- Ergonomically designed pistol grip.
- Blades may be sharpened independently.
- Replacement handles, blades, binding posts and screws available.

Dual blades

Cuts on both sides of the keel bone with one stroke, unlike one-bladed knives which require two strokes.

ITEM NO.	PRODUCT	EACH

Plastic Knife Scabbards

Removable pouch front for easy cleaning!

The extended scabbard neck allows knives to hang at a lower, more comfortable grasping distance.

Scan this QR code to watch a video about plastic vs metal scabbards.

Pouch front slips out of scabbard frame for easy cleaning.

Angled flange keeps knives nestled close to scabbard and safely out of the way.

* Sizes shown are actual pouch dimensions. Add 6-1/2" to pouch length shown above for overall scabbard length.

NORTON

IM83 Portable Oilstone Sharpening System

All-in-one sharpening system is a convenient way to sharpen knives anywhere.

- Base unit contains a built-in reservoir and keeps the stones clean and ready to use.
- A simple rotation of the handle brings the desired stone into position for sharpening.
- Removable storage caddy for knives and tools.

Rugged Design: durable plastic case, sturdy metal latches and non-skid feet.

Gasket on inside of lid keeps oil from leaking while transporting.

- Set includes:
 - 1 Plastic Case with removable tool caddy.
 - 1 coarse-grit Crystolon® stone.
 - 1 medium-grit Crystolon® stone.
 - 1 fine-grit India stone.
 - one 4.5-oz. can of oil.

Complete Sharpening System: Optimal grit sequence by rotating handle. Has a built-in reservoir.

Removable Tool Caddy: roomy storage for tools for maximum portability.

Stones can be changed individually and locked into place. A simple rotation of the handle brings the desired stone into position.

ITEM NO.	PRODUCT	DIMENSIONS	EACH

Use sharpener standing upright or laying flat on a solid surface.

3-Way Knife Sharpener

The 3-way features three, 12" ceramic rods, each with different coarseness, to improve the blade's edge. The 3-way flips over to give you the appropriate coarseness for the job.

- For a dull or worn edge, use the brown rod and final hone with the white rod.
- For partially dull edge, use the gray rod and final hone with the white rod.
- To keep a sharp knife sharp, use only the white rod.
- No oil or water necessary when sharpening.
- Ceramic rods improve with use.

ITEM NO.	PRODUCT	EACH
5816 0276	Russell 3-Way Sharpener	\$79.95

F. DICK RS75 Power Steel Sharpener

- High-speed, counter-rotating wheels produce the same sharp edge every time.
- No training necessary, no adjustments to make, simply pass knife a few times between the wheels for perfect sharpness.

- Ease of use allows for continuous all-day sharpening, reduces fatigue and increases worker productivity.

- Heavy-duty plastic housing is easy-to-clean, comes with vibration absorbing rubber feet and a 9' power cord, 110v.

> Dimensions: 9"l x 7-1/4"d x 6-1/2"h.

ITEM NO.	PRODUCT	EACH
3186 0075	Power Steel	\$649.00
3186 5021	Replacement Wheels	129.95

Commercial Power Sharpener

Unique double overlapping sharpening wheels assure edge angle accuracy.

- Reduce sharpening time — both sides of blade are ground at same time.
- Extends life of knives by removing as little knife material as possible.
- Knife blade enclosure covers blade for safety during sharpening.
- Stainless steel table stand, 2 extra drive belts, 1 belt tool with each unit; unit has 6-ft. cord.

> Stainless Steel Housing: 12"l x 8"d x 5-1/2"h.

Hook-Eye Belt Grinder

Sharpener uses aluminum oxide grinding belts instead of expensive abrasion wheel.

- Adjustable bevel guide.
- Produces exactly the desired precision results because it always presents a true, flat surface to the edge being sharpened.
- Belt stays cool, will not change shape, easily replaced.
- Balanced handle for easy moving.
- Rubber feet provide sure footing.
- 1/4-hp motor. • Shipping weight: 30 lbs.
- Operates on 110V, 6' cord.

Includes four, 24" belts.

Replacement Hook-Eye Grinder Belts

- When grinding, these belts reduce heat and create exceptional edge.
- Constructed of aluminum oxide with cloth back.
- 80 grit.
- Size: 1-1/2" x 24".

ITEM NO.	PRODUCT	BOX
4808 5072	Box of 10 Belts	\$19.95

Chef'sChoice® Sharpeners

Fiskars Cuts+More™ Scissors

These are not your average scissors!

- Fully hardened, precision-ground steel blades stay sharp, even when cutting a wide range of heavy-duty materials.
- Ergonomically sculpted handles provide comfortable use and cutting control.
- Power notch cuts light rope.
- Wire cutter makes it easy to cut wire without damaging the blades.
- Twine cutter cuts twine cleanly and quickly.
- Pointed awl tip is perfect for piercing small holes in cardboard, leather and more.
- Bottle opener makes it easy to open your favorite beverage.
- Scissors can be taken apart for a titanium-enhanced knife that is ideal for cutting large or awkward objects.
- Dishwasher safe for easy cleaning.
- Sheath protects blades, sharpens scissors and includes a tape cutter for opening boxes.

Use this QR code with your smart phone to watch a short video that shows all these scissors can do!

Cuts through poultry with ease.

Includes sheath with built-in sharpener.

Box/tape cutter built into sheath.

Breaks apart to use one side as a knife.

Serves as a handy bottle opener.

Use as wire cutter for maintenance.

Ideal twine cutter built into blade.

SPECO™ BONE COLLECTOR SYSTEM

*The Best and Most Proven Bone Collector System in the World!
U.S. Patent No. 4004742 — Literally Thousands of Satisfied Users.*

- As you grind, chips and other foreign matter are scraped from the bone collector plate directed to the transfer channel in center stud and discharged through the hose.
 - Less than 1% of the meat is removed with the bone chips.
- May be used on all makes and models of domestic and foreign meat grinding equipment.
 - Efficient collection system keeps reworking of product to a minimum.
- Optional accessories, stainless steel nipple and ball valve assemblies available separately.

BONE COLLECTOR PLATES

Solid hub bone collector plates in the following sizes:

Hole sizes: 3/32", 1/8", 5/32" and 3/16".

Grinder sizes: 52, 56, 66 or 11.

Plate diameters: 5-1/8", 6", 8-5/8" and 11".

SPECO™ GRINDER PLATES

FOUR Important Steps to Determine Which Grinder Plate Is Right For You:

1. DETERMINE THE PLATE SIZE OF YOUR GRINDER

Measure the diameter of the grinder plate and match it up to the corresponding plate size below:

Diameter:	2-3/4"	3-1/4"	3-15/16"	5-1/8"	6"	8-5/8"
Plate Size:	#12	#22	#32	#52	#56	#66

2. IDENTIFY GRINDER PLATE MOUNTING STYLE

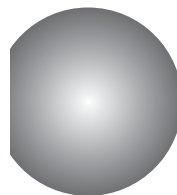

Look at your grinder plate and match up the face shape to one of the styles listed below:

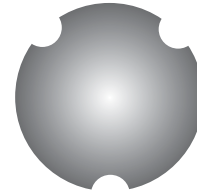

Universal Style
(Works for Cleveland Style also.)

Cleveland Style

Toledo Style

Enterprise Style

3. DETERMINE HOLE SIZE

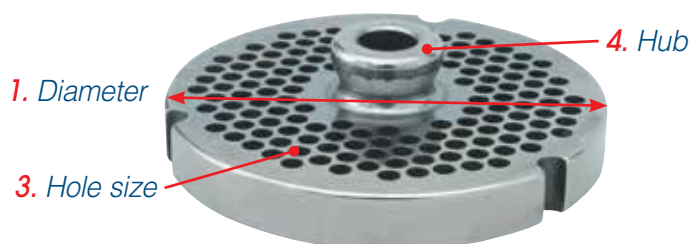

The hole size we are referring to are the holes that are cut into the top side of the grinder plate. Choose from the following sizes:

Hole Size:	1/8"	3/16"	1/4"	3/8"	1/2"	3/4"	1"
-------------------	------	-------	------	------	------	------	----

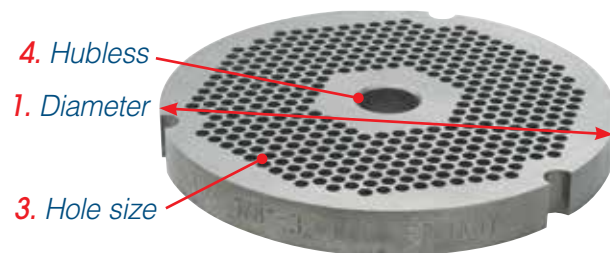

4. HUB OR HUBLESS PLATE?

• Plates with a center hub are stronger and easier to remove from grinder.

• Hubless plates are reversible for extended wear.

2. Enterprise Style HUBBED Plate Pictured

Enterprise Style HUBLESS Plate Pictured

Once you have the **FOUR** steps above identified,
call **800-456-5624** to order your Grinder Plate.

SPECO™ KNIVES

GRINDER PLATES & KNIVES

Solid Drop Forged Knives

Constructed of one solid piece of heavy-duty forged steel.

- Excellent for low-volume rugged meat processing jobs
- Not recommended for resharpening
- Most economical knife available

ITEM NO.	PLATE SIZE	EACH
1044 00121	#12	\$16.95
3046 51021	#56	\$9.95

“XL” Knives

Constructed of one solid piece of INOX stainless steel.

- Raised edge allows blades to be resharpened and last longer than solid-forged knives.

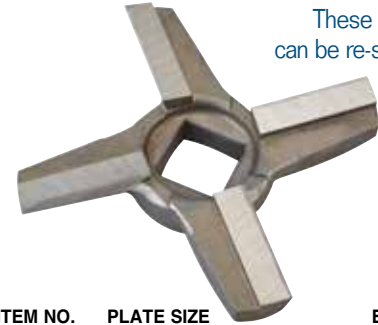

ITEM NO.	PLATE SIZE	EACH
3046 35481	#22	\$14.95
3046 16011	#32	15.95

Everlasting Knives

- Outwears regular drop-forged or snap-in knives.
- High wear-resistant cutting edge fused solidly to a drop-forged frame.

These knives can be re-sharpened.

ITEM NO.	PLATE SIZE	EACH
3046 7159	#12	\$28.95
3046 7320	#22	29.95
3046 0900	#32	30.95
3046 6506	#52	59.95
3046 4660	#56	61.95
3046 6940	#66	134.95

Reversible Grinder Plate with FREE Knife

- Computer-drilled holes for precision alignment and total coverage across the plate.
- Maximum number of holes per plate permits higher production volume and cooler cutting.
- Reversible plates are super sharp and can be re-sharpened.
- One **FREE** blade, drop-forged knife comes with each plate.

HUB STYLE PLATES AVAILABLE **CALL FOR DETAILS**

ITEM NO.	PLATE SIZE	HOLE SIZE	EACH

Triumph Knives with Holder

The handiest, most sanitary meat grinder mincer cutting edge ever developed.

- A twist releases the blade insert from the holder. Another twist locks the blade insert securely in place.
- Easy to clean and keep clean.
- Blades are set at an angle which allows only the cutting edge to touch the plate, reducing friction and temperature rise.
- Replacement blades available, see below.

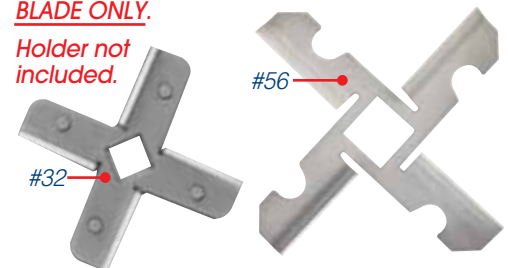

ITEM NO.	PLATE SIZE	EACH
3046 3184	#52	\$44.95

MUNKFORS: Our Premier Line of Bandsaw Blades

MUNKFORS leads the development of bandsaw blades in the meat, poultry and fish processing industries.

- Unique manufacturing technology guarantees blades of the highest quality and longevity of performance.
- Quality **EDGEMASTER™ MUNKFORS** blades enable our customers to improve productivity and sharpen their competitive edge.
- Small part for big value – Bandsaw blades account for a small part of production costs, but are critical in maximizing the operating performance and product yield.
- Blades exceed standard running time — maximizing profit.
- Flexible and responsive – Close relationships with customers and constant feedback enables a flexible and responsive approach to satisfying market needs and continuous product improvements.
- Identical ultra-sharp teeth of uniform geometry.
- Allows use of harder steel than in conventional manufacturing methods, which increase blade reliability and stability.

ADVANTAGES:

- Swedish Steel. • Longer blade lifetime.
- Sharper blades. • Less waste.
- Cleaner cutting. • Minimum downtime.

All blades are individually wrapped and coiled.

QUALITY:

- Committed personnel with long experience in inspecting and evaluating blade design, materials, construction and function.
- Only the best strip steel – meets or exceeds requirements for high strength, exceptional flatness and straightness, excellent weldability and tight tolerance levels.
- Stringent standards of production and quality control guided by ISO 14001.

JARVIS®

Founded in 1901 as The Jarvis Company, now Jarvis Products Corporation is the world's largest producer of meat and poultry processing equipment. The company specializes in meat cutting and boning machinery, band saws, slaughter equipment, carcass opening and splitting saws, hock cutters, and skinning machines. It also supplies auxiliary equipment such as vacuum pumps and a full line of hydraulic pumps.

For 100 years, industry wide, Jarvis equipment is noted for their high quality standards, durability and long service life. Headquartered in a 120,000 square-foot, 200 employee facility in Middletown, Connecticut, U.S.A., the Jarvis product line is sold and serviced worldwide through 18 branch locations and Jarvis' J26 Federation of Distributors.

OUR COMMITMENT TO HUMANE STUNNING

Processor Division

Bunzl Processor Division has established itself as the premier partner for humane handling in the food processing industry. Our commitment to this cause is unparalleled in the marketplace. We offer **FREE ON-SITE CONSULTATION** to assist customers in determining the right humane stunning equipment needs for each environment.

Chuck Bildstein
Humane Stunning and
Equipment Specialist

Chuck Bildstein, has been recognized as one of the top influences in Humane Animal Handling. He has worked closely with Temple Grandin, Ph.D., in the area of humane stunning and was part of the AMI team that traveled to Washington DC to present at a congressional briefing on animal welfare, and has lectured at various universities in the U.S. and Canada.

Bildstein is leading our efforts by working alongside many of our customers in their plants to significantly improve the welfare of their animals. Bildstein understands how critical equipment and training is to animal welfare and he takes pride in helping plants work through concerns and issues. In addition to helping processing plants, Bildstein also assists with on-farm euthanasia. BPD's equipment is extremely portable, proving it to be ideal for applications on the farm for producers as well as for veterinarians.

*In addition, BPD has gone the extra mile by developing safety, maintenance and training videos which are available for **FREE** to help our customers learn proper procedures to keep workers safe on the job, and keep their stunning equipment running at the utmost efficiency.*

JARVIS® Power Actuated Stunners (PAS) TYPE-P Heavy Duty

HEAVY-DUTY STANDARD BOLT
PAS-PHDS 25R
Item No. **3028 77001**
JARVIS NO. 4144155

HEAVY-DUTY LONG BOLT
PAS-PHDL 25R
Item No. **3028 77011**
JARVIS NO. 4144132

- Diverse applications, from smaller to larger sized livestock.
- Renders animal insensible to pain before slaughter.
- Simple to use, operate and maintain.
- Ruggedly built for long service life.
- Different cartridge strengths available, depending on usage.
- Comfortable, ergonomically designed handle.
- Includes case and cleaning tools.
- Type-PHDS – Standard length bolt.
- Type-PHDL – Longer length bolt for deeper skull penetration.

The Concussion Head Assembly uses a non-penetrating head to strike a powerful blow to the head of small animals for instantaneous euthanasia. It is designed for small animals only, such as swine up to 60 lbs., turkeys of all sizes, chickens, rabbits, ducks and geese.

BODY PROTECTION

BODY PROTECTION

KnockerVest™ with Detachable Groin Protector

Designed for body protection while using stunning equipment.

- 100% aramid ballistic package (type IIIA) backed with 1/2" closed-cell foam and inserted in a 1,000 denier Cordura carrier vest which is coated with a urethane film for even more water resistance.
- Water-resistant carrier vest meets the highest standards for soft body armor.
- Back of vest is made of a tough, breathable open nylon mesh that is made to withstand multiple washings.
- All fasteners are quick-release with adjustable straps and plastic buckles to ensure a great fit.
- Outer shell carrier units may be hand or machine washed with mild detergent and air dried.
- Groin protector and cover are both sold separately.

KnockerVest™ is a trademark of JHRG Manufacturing LLC.

Breathable nylon mesh back.

Chest ballistics protection is easily removed to clean vest.

Easily detachable groin ballistics protection.

ITEM NO.	PRODUCT	SIZE	LENGTH	EACH
4009 0102	KnockerVest™	Large	22"	\$499.95

4009 0010	Replacement black cover for Groin Protector			159.95

No claim made or implied the KnockerVest™ can or will protect users from impact by a non-deforming projectile. KnockerVests will not resist pointed tools or knives. Read product specifications carefully before use.

Don't forget to use EYE AND EAR PROTECTION!

OX™ 2000 Safety Glasses

Fits over most prescription lenses.

- DX™ anti-fog hard coat protects lens from fog, scratching, and most chemicals.
- Adjustable length Secure Grip™ temple fits virtually any size face.
- Lightweight, seamless lens with built-in side shields.
- Meets the requirements of ANSI Z87.1-2003 and CSA Z94.3-2007.

SER-04 Reciprocating Breaking Saws

The latest in breaking saw technology. Electrically powered reciprocating saw for production breaking and general purpose use.

JARVIS®

- This electric saw is suitable for use on beef, hogs, sheep and veal.
- Lightweight — 19 lbs. for ultimate flexibility.
- 1.9 hp motor. • Blade Speed: 4,100 strokes per minute.
- Overall Length: 20.5-in. • Weight: 19-lbs. • Blade Length: 8-/10-in.
- Meets national and international requirements for hygiene and safety. • 1 phase, 50/60 Hz. • TEFC motor.
- Common applications include cutting forequarters, shank bones, primal cuts, aitch bones, brisket opening and splitting.
- Double insulated. • Smoother more comfortable operation. • Ultra low vibration.

Buster Carcass Splitting Bandsaws

The world leader in splitting technology.

Scan this code with your smartphone QR reader for a Buster Bandsaw product video.

- Electrically powered bandsaws for splitting cattle, bulls, oxen and pork.
- The largest Jarvis splitting saw; suited for the largest carcasses.
- Best possible hygiene — spoked wheels, flat surfaced housings and completely opening doors — for fast, easy and complete cleaning.
- The drive system is oil bath lubricated for sustained trouble-free operation.
- Ultra-thin rail for unobstructed vision and dual rear handles for comfort.
- Anti-tie down controls and totally enclosed electric motor for operator safety.
- Meets national and international requirements for hygiene and safety.
- Superior blade life.

JARVIS SERVICE TECHNICIANS ARE AVAILABLE TO PROVIDE FREE CUSTOMER SERVICE, INCLUDING EQUIPMENT INSTALLATION, SERVICE CALLS AND EMPLOYEE TRAINING.

Kromer™ “Zero Gravity”™ Balancers

Reduce worker fatigue, safety hazards and tool/air hose damage while allowing for improved accuracy and production volume.

- Kromer balancers are renowned for being the highest quality spring balancers.
- For use in the ergonomic placement of production tools – providing ergonomic advantages, functional reliability and safety during operation.
 - Adjust the spring tension to the weight of the tool being operated; once adjusted, the tool may be used at any point along the cable travel without increasing or decreasing forces.
 - Quick change cables with superior main spring life.

KROMER BALANCERS

MODEL 7228

- FEATURES:
- Locking safety hanger.
 - Steel cable.
 - Stepless tension adjustments.
 - Locking safety hook.
 - High-impact housing.
 - Quick change cable.
 - Safety chain installed.
 - Drum lock slot.
 - Safety detent models 3,4,5.
 - Riveted cold rolled spring.

**Replacement parts available.
For Technical Support,
Please Call:
1-888-811-3254**

MODEL 7230

- FEATURES:
- Floating rotating suspension.
 - Steel cable.
 - Recessed safe adjustments.
 - Optional ratchet lock.
 - High-impact housing.
 - Quick change cable.
 - Safety chain installed.
 - Safety drum lock.
 - Automatic safety detent.
 - Riveted cold rolled spring.

FOUR Important Steps To Determine Which Balancer Is Right For You:

- 1. Tool weight including accessories.**
- 2. Balancer load range (must match specified range, with best performance in mid to upper load range).**
- 3. Travel (distance tool moves during operation).**
- 4. Overhead space for balancer to hang.**

Hercules™ Rail Switches

Stronger by design.

All switches are patent-pending designs.

Automatic Switches: 2,000/3,000-lb rating*

- Replacement Pin, Bushing, and Shoulder Nut.
 - No more attempting to repair broken or bent bolts to correct angle.
 - Replacement Pin design assures proper angle and position every time.
 - Bushing and nut set spacing eliminates over tightening bolt issues.
 - Pin replacement, easy as replacing a bolt.
 - Pin and Bushing combination increases strength.
- Switching mechanism has fewer parts than the competition.
- Switching uses easier up and down motion to change gates — eliminates side-to-side motion to change gates.
- Heavy guards protect linkages against trolley damage.
- Stainless steel turnbuckle design on adjusting arm.

*Automatic and Gear Switches carry a 2,000-lb. rating when hung with hangers. Rating can increase to 3,000-lbs. when welded off to a beam.

Divert Switches: 4,000-lb rating (Air or Hydraulic Options)

- Stronger one piece Cylinder Mounting Arm Bracket.
- New cleaner spring location.
- Gate design improves weight transfer throughout the entire switch.
- Stainless steel cylinders air or hydraulic.

Gear Switches: 2,000/3,000-lb rating*

- NEW DESIGN:
 - Offers lower gate travel path height reducing chain interference issues (patent pending design).
 - Heavy-duty trolley stop (patent pending design).
 - Heavier gear design.

Rails:

- Rails are waterjet cut using T1 Steel: this increases strength and improves wear resistance.
- Waterjet cutting allows an increase in the amount of material under the gate pocket.
 - HERCULES™ = 1-3/4" – Industry Standard = 1-1/4"
- Waterjet cutting allows accurate duplication of parts.
- Heavier Gates – increased gate dimension due to cutting the parts out of plate steel instead of using standard 2-1/2" meat rail.
 - HERCULES™ Gate 1-1/2" – Industry Standard Gate 1-1/4"

Bridge/Uprights:

- 1" x 2-1/2" upright dimension.
- Uprights clock into rail for accurate line up and stronger welds - allows weld on both sides of rail - industry standard design uses a face weld on one side only.
- Bolt on bridge design matches up for true placement.
 - Wider bolt pattern increases strength. – Lower flange design places bolts below beam.
 - Flange design gives clean welding surface.

Parts:

- Parts repeatability achieved by waterjet cutting, laser cutting and CNC machining.
- Easy-to-follow parts sheets only require basic switch information to order correct replacement parts.
- Off the shelf parts interchangeability means faster turn around and less down time.
- Precision parts require less time to change out parts, complete repairs done to units hanging in place, in a timely manner.
- HERCULES™ Switches are made one design per style only, minimizing confusion and ordering errors.

Whole Units:

- Faster delivery times.
- HERCULES™ Switches are made to industry standard dimensions allowing use of existing hangers when replacing competitors switches.

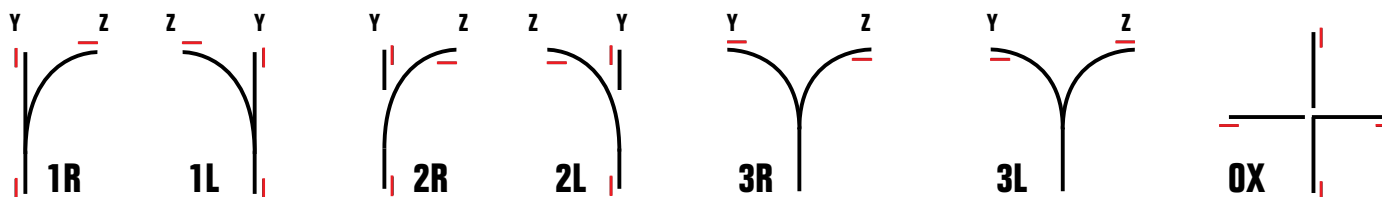

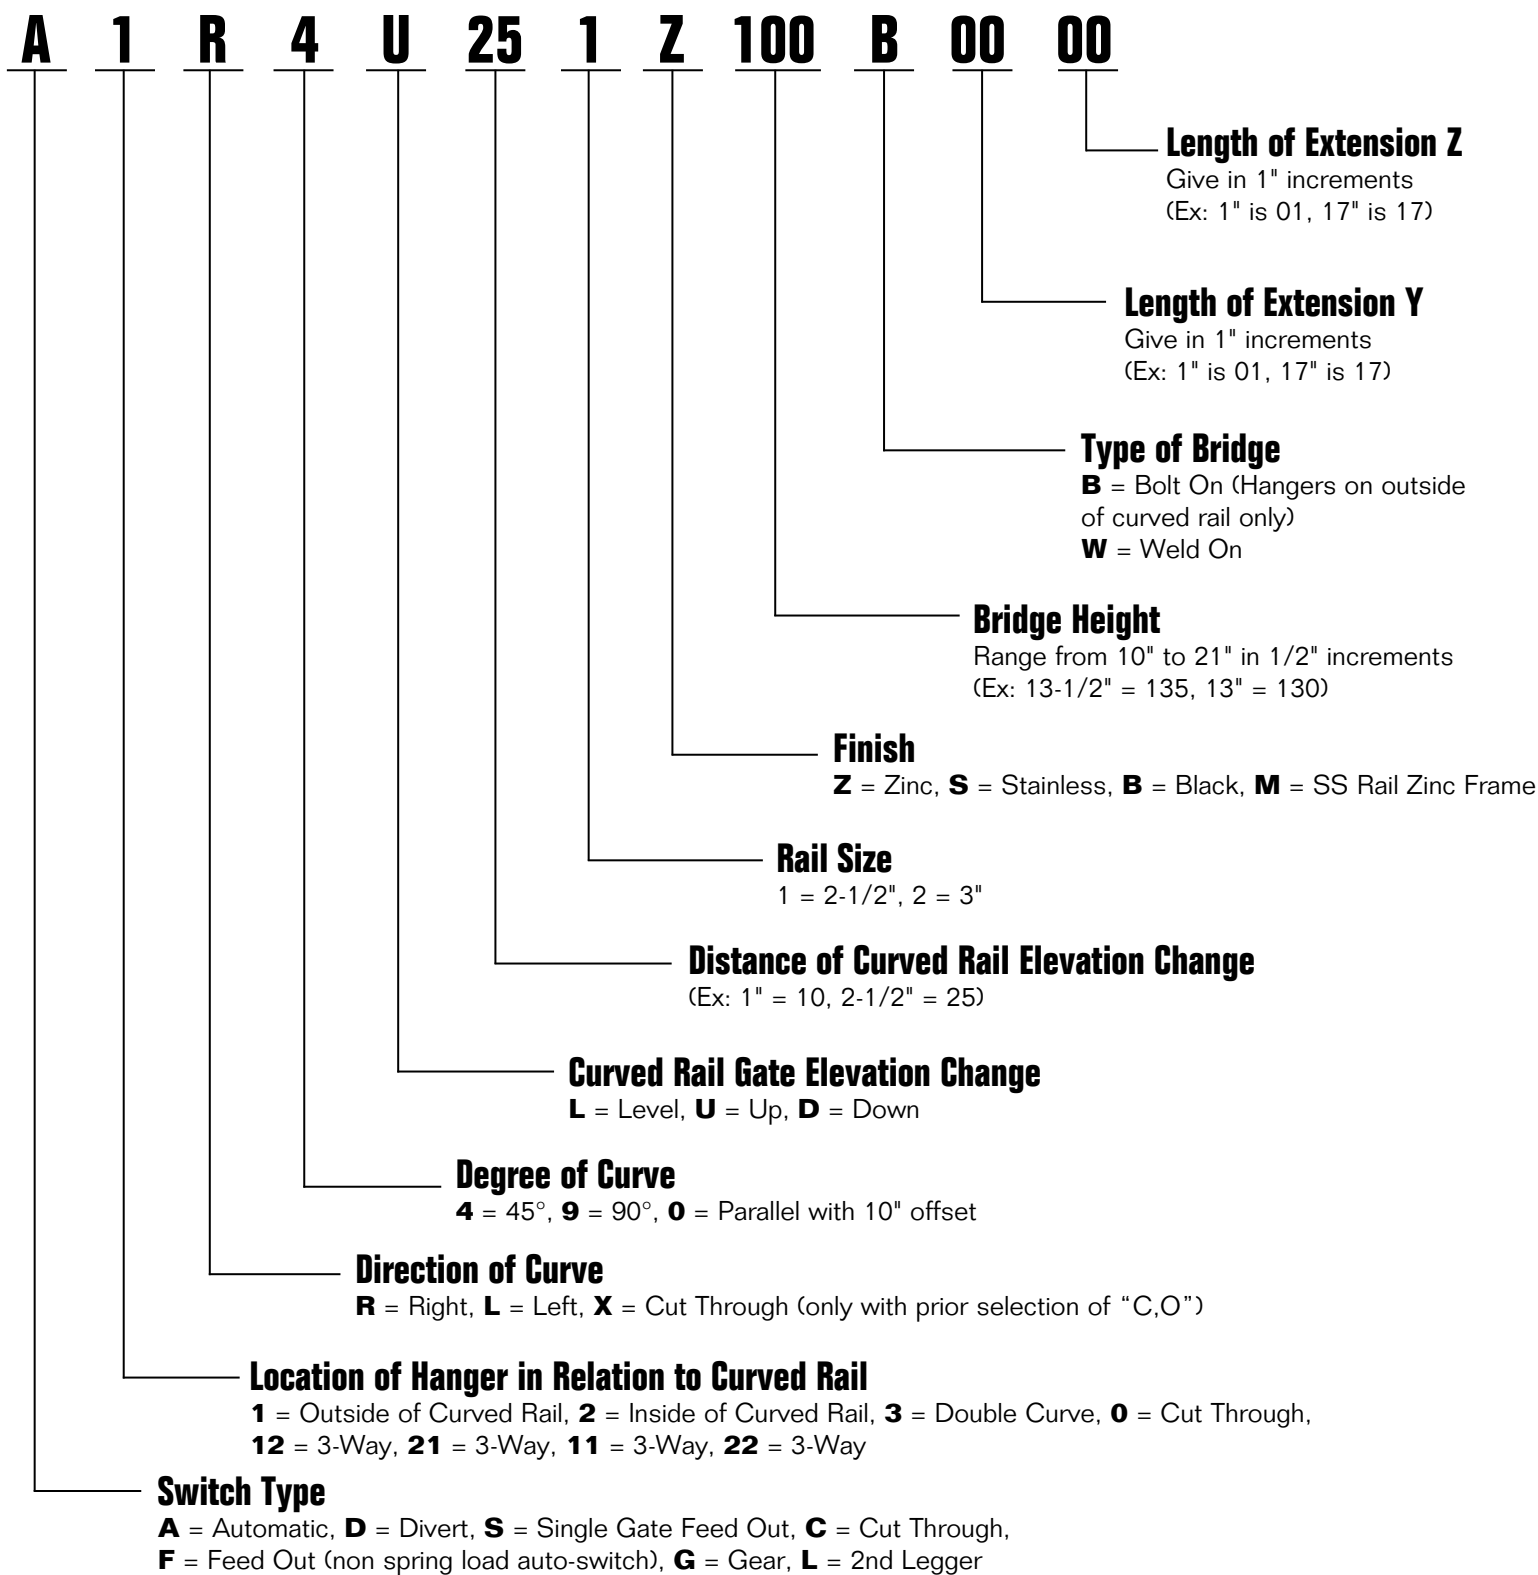

Quoting & Ordering:

- Switch part number explanation sheet gives step-by-step guidelines to get all the necessary information when ordering switches.
- Ordering Identification Guide provides pictures to better identify switch style, type and dimensions.

Call 1-888-811-3254 for more information or to place your order.

Hercules™ Rail Switches

IDFI Switch Ordering Identification Guide

The smaller (red) dashes indicate rail hanger location that mounts rails to the structure of the building.

Call 1-888-811-3254 for more information or to place your order.

Stamps, Brands & Ink

Inks & Paste

Guaranteed fast dry formula.

- Meet all requirements for use in inspected plants.
- Quick drying formula Perma-Brite is used for roller markers and cold ink stamps.
- Regular drying formula purple ink is used for cold branding and stamping.

- 12-1/2" overall length; 1" x 1-3/4" blade.
- Stainless steel with plastic handle.

ITEM NO.	PRODUCT	EACH
2990 10561	Stainless Steel Lung Scraper	\$57.95

Rib-Eye Covers

For use, after grading, in processing plants to cover the rib-eye and prevent meat from drying out.

- Constructed of high-slip polyethylene.
- One side of sheet contains a non-stick coating.
- Easy to use 4-3/4" x 6-1/4" sheets.

> 1,000 sheets per pack.

ITEM NO.	PRODUCT	PACK
3310 9001	Rib-Eye Covers	\$15.95

Butcher Twine

- Breaking strengths:
 12-ply: 30-lbs.
 24-ply: 60-lbs.
 30-ply: 75-lbs.

See page 383 for Twine Knives.

PRIME SOURCE

ITEM NO.	PRODUCT	PER CONE
7500 02001	12-ply Twine, 3,360-ft.	\$9.95
7500 02091	24-ply Twine, 1,680-ft.	9.95
7500 02131	30-ply Twine, 1,344-ft.	9.95

Butcher Twine Dispenser

Dispense and cut twine without unraveling.

- Dispenses twine, does not cut twine.
- Purchase twine separately, see above.

Built-in spring plunger keeps twine secure by preventing spinning.

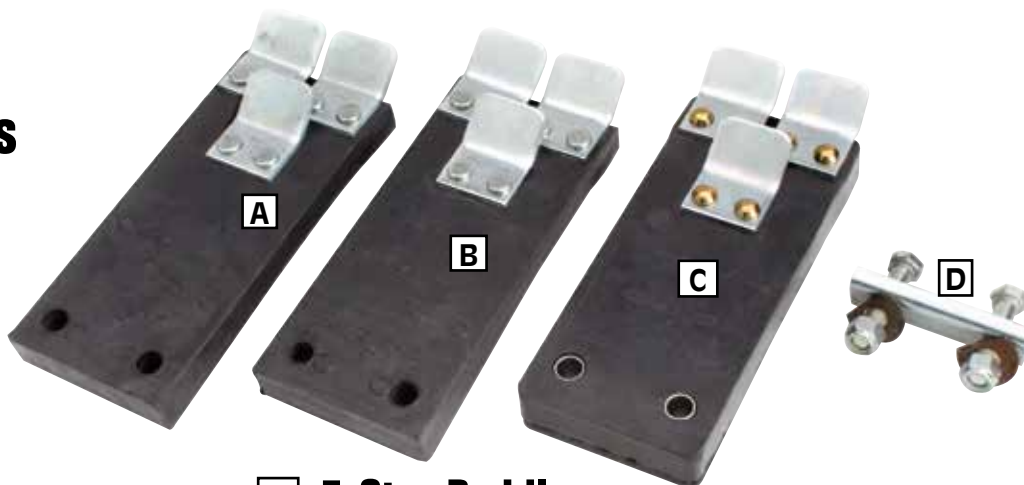

Twine sold separately.

ITEM NO.	PRODUCT	EACH
2330 10081	Twine Dispenser	\$24.95

Hog Scraper Paddles

- Case hardened steel knives.
- Durable rubber cover is easy to clean.
- Bias cut fabric stretches to maintain contact between knives and carcass.
- Fabric reinforcement of compression section ensures durability for the life of the paddle.
- Attachment hardware is available separately.

A 5-Star Paddles

- Rubber wedge for added stiffness — paddles last 4 to 5 times longer than conventional types.
- Substantially reduce machine downtime and replacement costs.

B 7-Star Paddles

- Heavy 5-ply fabric wedge increases stiffness and durability — paddles last up to 10 times longer than conventional types.
- Handle hogs up to 550-lbs. • Work fast and clean, even during “hard hair” season.

ITEM NO.	PRODUCT	EACH
3939 0001	5-Star Paddle, 4" w x 9" l, 3 Cleat	\$44.95

ITEM NO.	PRODUCT	EACH
3939 00171	7-Star Paddle, 4" w x 9" l, 3 Cleat	\$44.95
3939 9015	7-Star Paddle, 4" w x 9" l, 5 Cleat	\$54.95

C Premium Star Paddles

Years of research and in-plant testing have proven that this is the paddle to use in high-impact areas for the most punishing of applications.

- Constructed of super-strong material compound to improve performance and provide longer life and lower maintenance.
- Paddles retain their operating stiffness — won't bow after a few days, like other paddles.

D Attachment Hardware

- For use with all paddles listed above.
- Each set contains the necessary hardware to attach one paddle to de-hairing machine.
- Set contains: 1 bolt plate, 2 cap screws, 2 cut washers and 2 elastic stop nuts.

NOTE: Not for use with backers.

ITEM NO.	PRODUCT	EACH
3939 10031	Premium Star Paddle, 4" w x 9" l, 3 Cleat	\$54.95

ITEM NO.	PRODUCT	EACH
3939 0016	Attachment Hardware for 4" x 9" Paddles	\$13.95

Hog Polishing Whips

- Constructed of heavy-duty, durable plastic for long life and optimum performance.
- .398 bush hole.
- Designed for today's modern hog processing lines.
- Available in two colors.

3955 01101	Bell Hog Scraper	\$29.95

Old Baldy® Hog Scald

- Effective on tough bristles, reduces scraping labor.
- Contains no inert ingredients or fillers.
- Highly concentrated, economical to use.
- Very effective in hard water, contains a powerful cleaning agent and water softener.
- Keeps grease in suspension, no scum, film or slime is deposited on the last hogs in the scalding vat.
- Complete instructions with every order.

ITEM NO.	PRODUCT	EACH
3032 9010	10-lbs.	\$32.95

WEASAND CLIPS

- Constructed of FDA/EU-approved material.
- Applied properly, there is no chance of ingesta leakage or clip slippage.
- Clip breaks into small inert particles through most rendering systems.
- Designed for quick and easy use.

A 1" White Lamb Clips

- Effective across a variety of species including calves, veal, goats and venison.

ITEM NO.	PRODUCT	CASE
5815 0285	Lamb Clips	\$189.95

ChefsChoice®

10" Professional Electric Food Slicer

Tilted design for fast and efficient slicing.

- Rugged, die-cast metal construction.
- Heavy-duty powerful induction motor for extremely quiet operation.
- Fully hardened 10" stainless steel blade for precision slicing of meat, cheese, bread, vegetables and fruits.
- Anodized aluminum blade-cover reduces friction for smooth cutting of difficult to slice foods. • Food carriage easily removed for cleaning.
- Larger capacity food carriage rides smoothly on industrial ball bearings and retracts fully to fit extra large roasts, hams and other foods.
- Precision thickness control for slicing from deli-thin up to 5/8" thick.
- Includes built-in blade sharpener and convenient food tray.
- 110 volt, 5-ft. cord.

► **Weight: 31.6-lbs.**

Stainless Steel Stockinette Hooks

- May be used with all types of smokesticks to hold product securely — no ripping or tearing.
- Allows the use of small bags and saves 4" of stockinette.

See pages 456-457 for netting.

> 100 hooks per box.

ITEM NO.	PRODUCT	BOX
2321 2012	Stockinette Hooks	\$109.95

Enviro-Caustic™ Smokehouse Cleaner

Removes grease, soot, tar and other accumulations from smokehouse walls, floors and ceilings.

- With a pH of > 12.5 and caustic formulation, it offers the performance of traditional caustic oven, grill, and smokehouse cleaners, but is non-corrosive to skin, odorless, biodegradable, and ships DOT non-hazardous.
 - The thickened formula sticks to vertical surfaces, to allow for longer dwell time and better cleaning.
 - Highly effective on grease, fats, oils, carbon, dirt, and baked-on deposits on food prep and cooking surfaces such as ovens, grills, deep fryers, smoke houses, and meat curers.
 - Keep away from heat, open flames, sparks.
- Meets A4 guidelines.

SEE PAGE 475 FOR ORDERING INFORMATION & BUILD-A-ROLL FORM

Forming & Non-Forming Barrier Rollstock Films

WE'LL STOCK YOUR ROLLSTOCK – order as little as one roll at a time.

More Robust

- Wider operating window handles a greater variety of forming depths over a broader temperature range making the film more forgiving and easier to use.
- Requires less heat and creates less demand on equipment.

Better Machinability

- Film conforms easier to machine tooling.

Improved Clarity

- Up to 50% clearer.
- Improves retail shelf appeal.

Seals through contaminants

- E-seal technology is the choice for value-added product applications such as marinated, pumped, brine, sauced and seasoned, and cooked.

Greater Memory

- Improved shrink creates a tighter, better looking package.

Approved for heat treatments

- Cook-in applications up to 180 degrees Fahrenheit for six hours.
- Post-pasteurization conditions up to 212° Fahrenheit for 30 minutes - Microwave re-heating up to three minutes on high power for previously cooked foods.

High Barrier Rollstock

A low temperature sealing material with enhanced sealability through brines, marinades and sauces.

COOK CHILL PROCESS

1. COOK

Food is prepared on site or at a central location under highest quality control standards and cooked in volume.

2. FILL

When perfectly prepared and still above pasteurization temperature, food is filled directly into bag to ensure strict sanitation.

3. SEAL

Bag is then securely closed with a heat seal system or clip closure. (Hand or foot operated sealers available)

4. CHILL

The sealed bag is immediately chilled to arrest the cooking process and lower core temperature to 40°F. Chill with an ice bath or a tumbler chiller.

5. STORE

Filled bags are stored and/or shipped refrigerated or frozen. Bags stack easily, minimizing storage space and shipping costs.

6. REHEAT

At serving location, product can be reheated in a steamer, immersed in hot water, or the bag may be opened to empty contents into a kettle or serving pan.

7. SERVE

The final presentation delivers quality 'fresh cooked' goodness.

CLARITY™

C5000 COOK CHILL BAGS

Food of pumpable consistency, cooked and prepared at peak quality is bagged, sealed and chilled to maintain the quality and taste of the product. This includes soups, chowders, sauces, gravies, gelatins, chili, stews, pasta dishes, pizza toppings and many more.

Once the product goes into the cooking kettle, the food is never again exposed to handling. The foods are packaged at above pasteurization temperature, and not exposed to air until the bag is opened for serving.

Features of Cook Chill Bags:

- **Longer product life** — Oxygen and moisture barriers provide increased protection of flavors. The low rate of gas transmission safeguards volatile flavor components throughout distribution.
- **Superior durability** — Easily withstands the rigors of handling and distribution. Tears are extremely difficult to initiate or propagate. This toughness permits the filled bag to be tumbled inside the chiller without danger of rupture.
- **Positive closure** — Bag is pre-clipped or sealed on one end. After filling, the open end is then closed with a clip or heat sealed.
- **Improved sanitation** — From the time they are placed in the kettle for cooking, foods are untouched. They can be pumped directly into the cook chill bag at above-pasteurization temperature, which assures greater protection against bacteria.

Purchase \$400 or more and receive

Shrink Film

This multilayered film is versatile enough to perform on all sealing systems and shrink tunnels. The premium resin formulation provides our strongest seals, and offers a high shrink force, making it an ideal choice for multipacking and unitizing product.

Features and Benefits:

- Wide window of operation — Performs across a complete range of applications and equipment. Ideal for older equipment.
- Crosslinked technology — Provides consistent sealing and shrinking at a broader range of temperatures.
- Superior sealing performance — On all types of equipment and sealing technology. Yields cleaner, stronger seals eliminating blowouts. Save time and money on expensive rewraps.
 - Higher shrink force — Ensures greater package integrity for multi-pack applications.
 - FDA compliant — for direct food contact.
 - Printable — For enhanced marketing opportunities.
 - Fully recyclable.

Nasco WHIRL-PAK®

Guaranteed Sterile

Whirl-Pak® bags are not autoclavable. Whirl-Pak® bags are sterilized with ethylene oxide gas. Documentation of sterility is available upon request.

“Puncture Proof Tabs”

All Whirl-Pak® bags feature “PUNCTURE PROOF TABS.” This patented process extends the tape on the tab past the wire ends eliminating the sharp points which could puncture the bags, scratch a person’s hand, or puncture gloves.

FDA Approved

Resins used in the extrusion of film for Whirl-Pak® bags are FDA approved for food contact. Bags are manufactured in accordance with the requirements for manufacturers of single service containers for milk and milk products, as specified by the Food & Drug Administration.

Standard Bags

Sterile sample bags are used to take samples of liquids, semi-solids or solids.

- Sterilized by ethylene oxide gas by an independent, ISO-Certified company.
- Puncture-proof tabs are easier and safer to use than any other laboratory sample bag.
- Documentation of sterility is available upon request.

➤ 500 per box.

Write-On Bags

The white write-on strip makes sample identification easier and more convenient.

- The paper-like finish virtually eliminates ink smearing and provides a surface that will accept a variety of writing instruments. Ballpoint pen is recommended.
- Some also include approximate fill lines.

Bags should not be used at temperatures above 180°F, 82°C. Bags can be frozen to any temperature, even liquid nitrogen. Careful handling is required after freezing.

➤ 25 kits per case.

ITEM NO.	PRODUCT	THICKNESS	CASE
4220 1324	E. Coli Sampling Kit	2.5 mil	\$179.95

E. Coli Sampling Kit

Designed for sampling meat and turkey carcasses to test for the presence of E. coli.

- Contains a pair of sterile polyethylene gloves, 25 ml buffered peptone water (with expiration date marked on the box) a Whirl-Pak® “Speci-Sponge®” Bag, and two disposable sterile templates, one for meat carcasses and one for turkeys.
- Acquire sample by moistening the sponge with half of the peptone water, the carcass is swabbed with the sponge through the template in three places for meat carcasses and two places on turkeys. The sponge is then returned to the bag and the balance of the peptone water is added. The bag is closed and sent to the laboratory for testing.

QuattroSelect Quaternary Test Strips

For the simple, reliable and economical means to measure the concentration of Quaternary Sanitizers.

- Immerse with color matches at 0-100-200-300-400 ppm, the test strips detect the exhaustion of solutions – helping to determine which sanitizers should be replaced as well as those that have excessive amounts of sanitizing agents.
- Test results in only 10 seconds.
- 15-ft roll.

ITEM NO.	PRODUCT	EACH
G496 93991	Quaternary Test Strip, 15 ft. roll	\$9.95

Chlorine Test Strips

One strip accurately tests the chlorine level of water and other solutions.

- Immerse one end of test strip into water, remove immediately and blot with a paper towel — then compare to enclosed color chart to determine chlorine level.

► 200 strips per bottle.

ITEM NO.	PRODUCT	EACH
3230 3425	Chlorine Test Strips	\$6.95

Chlorine Test Kit

For the determination of chlorine solutions used in the sanitation of food processing areas and machinery.

Kit contents:

Stainless Steel American Calibration Weight Set

Calibration weights test accuracy of commercial scales quickly and easily.

- Complies with NIST Class F tolerance and specifications.
- Tests most accuracy class III scales and scales not marked with a class designation.
- Required for all Legal For Trade applications (include any products that are sold by weight).
- Set includes one of each of the following: 1-lb., 8-oz., 4-oz., 2-oz., 1-oz., 1/2-oz., 1/10-oz., .05-oz., and two .2-oz. weights packaged in a plastic case with foam lining.
- Case size: 8-1/2" x 7-1/4" x 3-1/4".

➤ Shipping Weight: 3-1/2-lbs.

STAINLESS STEEL SCALES

STAINLESS STEEL DIAL & FLOOR SCALES

- These compact, portable dial scales were developed as a result of tests conducted in cooperation with Federal Inspectors and plant managers.
- All interior parts are nickel- and zinc-plated, housing is stainless steel.
- Two capacity ranges available: from 32-oz. x 1/8-oz., and from 5-lbs. x 1/2-oz.
- Removable 7-1/2" x 7-1/2" stainless steel platform cover snaps on and off for easy cleaning.

Not legal for trade.

> Dimensions: 10-1/2"l x 7-1/2"w x 10-1/2"h.

Stainless Steel Kitchen Dial Scale

- Stainless steel housing with corrosion-resistant components.
- Removable stainless steel platform.
- Easy-to-read 30° tilted dial is constructed of shatterproof plastic.
- Zero setting mechanism with fine point indicator for easy taring.

ITEM NO.	CAPACITY	EACH
4893 20031	4-lb. x 1/2-oz.	\$69.00

Universal Dial Scales

- Accuracy is enhanced by temperature compensation and fine-tooth rack and pinion assembly.
- Strong under-platform construction with two supports and two spring mechanisms.
- Replacement plexiglass face plate available separately.

ITEM NO.	CAPACITY	EACH
4893 00281	32-oz. x 1/8-oz. w/o Dashpot	\$159.00

RoughDeck® Quick Clean Stainless Steel 4' x 4' Floor Scale

Customized for food, chemical and other frequent washdown applications. All models are equipped with fine tooth racks, machine cut precision pinions and dual springs to provide the greatest possible accuracy.

- Rugged washdown design.
- Smooth, 304 stainless steel top deck.
- Four stainless steel, welded-seal, shear beam load cells.
- Rigid 304 stainless steel tube frame.
- Remote EL604 stainless steel NEMA 4X junction box.
- Four adjustable stainless steel SUREFOOT support feet.
- 20-ft. of SURVIVOR® hostile environment load cell cable to connect an indicator to the junction box.
- Safety bar.
- Indicator voltage 115 VAC (order separately).

> Dimensions: 4' x 4'. > Shipping Weight: 338-lbs.

WHICH THERMOMETER IS RIGHT FOR YOU?

	CONSTRUCTION	STYLES	USES
GLASS	<ul style="list-style-type: none"> Usually filled with mercury, spirit-filled or biodegradable liquids. Handled delicately because they are fragile and can be easily broken. 	Two common styles: <ul style="list-style-type: none"> Partial immersion Total immersion 	<ul style="list-style-type: none"> Partial immersion: Designed for areas with limited space. Subject to outside temperature variables. Total immersion: Placed entirely into the liquid, therefore, are more accurate – however, more space is required to obtain readings.
DIAL/BI-METAL ANALOG	<ul style="list-style-type: none"> Metal or plastic. Probe is inserted into the material being measured, and the dial face can be easily read. Good substitute for glass thermometer. 	<ul style="list-style-type: none"> Standard dial face with probe. 	<ul style="list-style-type: none"> Instead of glass thermometers for applications requiring more durability. Used around food.
DIGITAL	<ul style="list-style-type: none"> Most constructed with a plastic housing, which holds the digital components, and a metal probe. 	<ul style="list-style-type: none"> Most common uses a thermocouple probe that is designated by the letter, "K", "J" or "T"; and various probe shapes are available. 	<ul style="list-style-type: none"> Used in many applications – often to measure liquids, gases and solids. Durable and easy to use.
INFRARED	<ul style="list-style-type: none"> Usually constructed of plastic with electronic components. 	<ul style="list-style-type: none"> Designed to collect energy that has been reflected or emitted from an object and converts that energy into a specific temperature. 	<ul style="list-style-type: none"> Perfect for use on moving objects, hard-to-reach objects and hazardous materials. <p><i>NOTE: Accuracy diminishes the farther away from the object, and these thermometers are not recommended for HACCP environment or product temperatures.</i></p>

Reinforced heavy-duty probes and large LED displays.

Designed for our customers in the Food Processing Industry.

Quick, accurate and easy-to-read portable digital thermometers featuring on/off button, large LCD display and easy battery replacement.

BIG RED® Pocket Thermometer

Designed with a heavy-duty probe.

- Range: -58° F to +302° F/-50° C to +150° C. Accurate to ±2° F.
- .1° F/C resolution.
- 1/4" large readout LCD display.
- Continuous update.
- 4-3/4" extra sturdy stainless steel probe.
- Flat edge design won't roll-off counters.
- Pocket clip sheath for stem protection.

⊕ **Battery included. Replacement batteries available. Order 3508 0800.**

Waterproof Digital Lollipop Thermometers

Water-resistant units can be used as a food or dishwasher holding thermometer.

- IP65 Waterproof housing.
 - Measurement Range: -40° to 311°F/-40° to 155° C.
 - Operating Range: 32° to 122°F/0° to 50° C.
 - Min/Max memory stores lowest/highest readings.
 - °C/°F switchable.
 - Display reading update: 1 second.
 - Resolution: .1° between -20° to 200° C or F.
- A. Factory calibrated to NIST traceable standards/non-calibratable.
 • B. Auto & manual calibration features.

• 1.5v LR44 battery included. Replacement batteries sold separately. Item #3508 0800.

4.13" stem

Atkins AquaTuff™ Waterproof 351 Wrap&Stow™ Digital Thermometer

Designed for precise temperature measurement with Total System Accuracy™ of ±0.9° F (±0.5° C). Large, easy-to-read LCD screen.

- 32" cable features "wrap and stow" storage.
- Temperature range: -100° F to 500° (-73°C to 260°C).
- Heavy-duty patented probe cable is reinforced with Kevlar® and stainless steel braid.
- DuraNeedle probe can be replaced with any type "K" probe shown below.
- Includes 5 year manufacturer warranty on thermometer unit.

Switches quickly from Fahrenheit to Celsius.

Water-resistant construction.

Rugged ABS plastic housing.

Auto shut off after 10 minutes of non-use.

Wind cord and secure probe into side channel for protection and convenience.

Wrap&Stow™ probes can be easily replaced in the field without tools or need for recalibration.

Probe is calibrated with instrument for Total System Accuracy™.

➤ Compact size: 2.1" x 6.25" x 1.0".

⊕ Operates on two AAA battery, (included). Replacement batteries sold separately. Order item no. 7784 00045.

D Optional Stainless Steel Oven Probe withstands up to 350°F.

Order \$400 or more and receive **FREE SHIPPING***
*Does not include UPS Next Day Air, 2nd Day or 3rd Day Select. Certain items that normally ship from the manufacturer may not qualify. This offer good only on orders shipped UPS Ground in the 48 contiguous states. Products may ship by truckline.

Digital Food Processing Thermometer with Clock

Extra-tough, waterproof housing makes this thermometer perfect for the food processing and seafood industries. Plus, it has a 2-year battery life guarantee!

- Permanent clock reading, countdown timer and data hold all displayed on the easy-to-read screen.
- Countdown timer determines how long probe is in product to obtain the most accurate of readings.
- Range: -328°F to $+752^\circ\text{F}$ / -200°C to 400°C . Accuracy: $\pm 0.9^\circ\text{F}$ or $\pm 0.5^\circ\text{C}$.
- Type T thermocouple standard.
- Auto switch-off after 3-, 10-, or 30-minutes.

Operates on two AA 3.6V lithium cells (included and non-replaceable, to increase waterproof rating).

Dimensions: 3-1/10" l x 1-1/5" d x 7-1/5" h.

Secure Lumberg probe connection.

Coil cable extends to over 3'.

Reinforced 4" stainless steel probe.

Easy to read screen. Large LED displays temperature, clock, alarm, countdown timer and data hold.

Heavy-duty ABS plastic housing with BioCote®, an antimicrobial agent that reduces potential contaminations.

Rubber boot protects from impact damage, extending unit life. Pops off for easy cleaning.

Optional corkscrew probe.

A692 00601	Back Connection Therm	\$24.95

Adjustable Angle, Bi-Metal Dial Thermometer

Monitor temperatures from any angle.

- Temperature range: 0° F to 250° F. Accurate to within 1% of full scale.
- Flexible stainless steel bellows sealed at the case and stem connector guarantees weather-tight integrity.
- Easy-to-read 3" dial with shatterproof acrylic lens.
- Hermetically sealed against moisture.
- Case rotates 360° and tilts 90°.
- Stem length: 2-1/2". Stem diameter: 1/4".
- 1/2" NPT connection with union lock nut.

Fully adjustable to a 90° angle.

ITEM NO.	PRODUCT	F.O.B. FACTORY EACH
3588 2025	Bi-Metal Thermometer	\$129.95

Easy to read digital display.

Wrist strap included.

Infra-Red Non-Contact Thermometer

Use a non-contact thermometer while cooking, receiving shipments or ensuring uniform storage temperatures.

- Pull the trigger and laser sighting measures the temperature of the targeted object.
- Measures in either °F or °C.
- Auto switch off.
- Temperature range -25° to 400° F with an accuracy of +/- 2° F.
- Carrying pouch with wrist strap available.

• 9v battery, (included). Replacement batteries available. Order 7784 00075.

▶ NOT CALIBRATABLE.

NOTE: Factory repair service is not available.

Carrying Pouch sold separately.

THERMOMETER CALIBRATION

In order to be in compliance with HACCP regulations we recommend the following thermometers be calibrated or calibration verified. Please follow the manufacturers procedures when calibrating all thermometers. Accuracy will be improved when calibrating to a temperature close to that measured.

Always calibrate using a known temperature source (NIST traceable certified thermometer or instrument). Calibration should be performed on a regular basis as indicated below.

Tel-Tru Check-Set Calibrators

Built-in tool makes adjustments fast and easy!

- Insert 3" or longer stemmed thermometer with a 3/8", 7/16" or 5/8" hex calibration nut into the calibrator and twist. Also, please note the hex key is only for those models with .125", .150" .187" well insert (both CSI and CSII models).
- Verifies the accuracy of any stem dial thermometers and other temperature devices.
- Each unit serialized and certified traceable to NIST. Accuracy is $\pm .2^\circ$ F.
- Heavy-duty stainless steel housing.
- 115 volts does not require batteries.
- 5' grounded power cord.

➤ **Dimensions: CheckSet I HOT: 11" x 6-5/8" x 3-1/8"**
 All other Models: 8-3/4" x 8-7/8" x 4-1/4"
 ➤ **Weight: 9lbs (4kg).**

NIST TRACEABLE

Thermometers are sold separately.

Check-Set II and Check-Set IV have multiple points of calibration so you can calibrate closer to the temperature points you use in actual applications — increasing the accuracy of your thermometers!

Scan this code with your smartphone QR reader to watch a video about Check-Set.

Each unit serialized and certified traceable to NIST.

Single-Use, In-Transit Temperature Recorder

Easy-to use, portable, self-contained temperature recorder provides permanent records.

An inexpensive and reliable way to monitor conditions during storage or transportation of temperature sensitive products. Battery powered, it generates a permanent strip-chart record of temperature conditions; the receiver simply removes the chart to review the temperature history of the shipment.

- Temperature range: -20° to +100° F (-29° to +38° C).
- Simple to operate.
- NIST traceable calibration.
- Visible start-up verification.
- Available in 10 and 40 day charts.

► **Dimensions:** 6.50" l x 2.56" w x 3.50" h. ► **Weight:** 10.5 oz.

TEMPRECORD TEMPERATURE DATA LOGGERS

For monitoring perishable or temperature-sensitive products in transit or as part of the cold chain.

- Temperature units: °C or °F.
- Display resolution: 0.01°C or 0.01°F.
- TRW software:
 - Hi-Speed download.
 - Serial RS-232 or USB connectivity.
 - Compatible with Windows XP, Vista and Windows 7.
- Compliance made easy with automated PDF report generation. Use speed buttons from TRW software to:
 - Save as *.TR and/or *.PDF files.
 - Export to MS Excel — part or all samples.
 - E-mail or print.
- Case protection rating: waterproof to IP67 or NEMA 6.
- Software and software upgrades included.
- Save time with Auto Mode (for batch programming).
 - Start / Stop / Status display.
 - Download/read recorded data.
 - Save downloaded file as *.TR or *.PDF.
 - Print file. - E-mail file.
 - Re-use logger.
- Fully welded food grade plastic case. FDA Approved.

Choose from 2 loggers:

Retaining Hole:
For easily securing the logger in various environments.

Case Protection Rating:
Waterproof to IP67 or NEMA 6 rated. Ultrasonically welded plastic case is durable in extreme conditions. FDA approved food grade casing.

Durable:
Logger casing is durable and tough enough to be run over with a forklift!

LED Status Indicators

By simply pressing the button to view status, the PASS (green) and FAIL (red) LED indicators allow instant confirmation of recorded data being within or outside of specified upper and lower temperature range.

Push Button

Allows user to 'Start' or 'Stop' logger in the field. Functionality of the push button can be enabled or disabled through TRW software.

Easy-to-grip plastic probe handle

OPTIONAL PROBE:

A MON-T Economy Logger

Ideal for transportation!

- For monitoring perishable or temperature sensitive products in transit as part of the cold chain.
- 4.6K non-volatile memory. Recorded data retained in case of battery failure.
- Configurable accuracy and resolution — 0.05, 0.10, 0.20, or 0.50.
- Standard temperature accuracy is 0.5°C at 0°C or 1°F at 32°F (logger case temperature range is -25°C to +60°C or -13°F to +140°F @ 0.5 resolution).

⚡ **Battery is enclosed in logger.**

► **Dimensions:** 3" l x 3" h.

► **Calibration is built-in, but NOT certified.**

► **Logger will stay in calibration for 1 year.**

B MULTITRIP Logger

Available with or without Plastic Handle Probe.

- 8K non-volatile memory.
- Configurable accuracy and resolution — 0.05, 0.10, 0.20, or 0.50.
- Standard temperature accuracy is 0.5°C at 0°C or 1°F at 32°F (logger case temperature range is -25°C to +60°C or -13°F to +140°F @ 0.5 resolution).

⚡ **Battery is enclosed in logger.**

► **Dimensions:** 3" l x 3" h.

► **Includes traceable calibration certificate.**

► **Logger will stay in calibration for 2 years.**

Warranty Period

12 months on data logger from date of purchase. 2 years on battery. Battery is NOT replaceable.

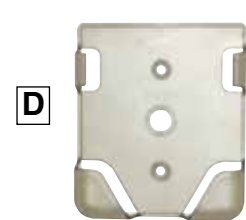

USB Reader Interface

Required to read/download data from loggers. Connect to computer via USB port.

Optional Plastic Logger Holder

Allows for mounting logger to wall or surface.

8" Temperature Chart Recorder with Alarm

- Rugged black ABS case, polycarbonate door with aluminum dial.
- Includes AC adapter, red pen, four AA batteries, quick start guide and 4' bead-wire probe.
- User selectable temperature ranges: -50° to 50° F/C, -20° to 20° F/C, 0° to 100° F/C, 0° to 150° F/C, 0° to 250° F/C, 0° to 500° F/C, 0° to 1,000° F/C, 0° to 2,000° F.
- 120 to 240 VAC, 12 VDC (INTL fittings available); optional AC adapter available.
- Keypad functions include power on/off, pen home and alarm.
- Mounting options include free standing or wall mounted.
- 6-foot power cord.
- Charts sold separately.
- Alarm types are audio/visual on high/low limits.
- Chart rotation speed: 24 hours, 7 day or 31 day.
- Temperature Accuracy: ± 1.8°F from -22° to 122°F 3.8F remaining (+/-1°C from -30° to 50°C 2.1C remaining).

⊕ **Battery Backup: Four AA Batteries. Powers unit for up to 3 days. 72 hours battery life (back-up only).**

➤ **Dimensions: 3.1" l x 9.2" d x 9.2" h.**

Tongue & Groove 1/2" PVC Ceiling and Wall Covering

Custom Cut up to 20-ft. in length.

Stain-resistant, low-maintenance, waterproof panels are also easy to clean and ideal for high moisture areas. Materials are totally recyclable.

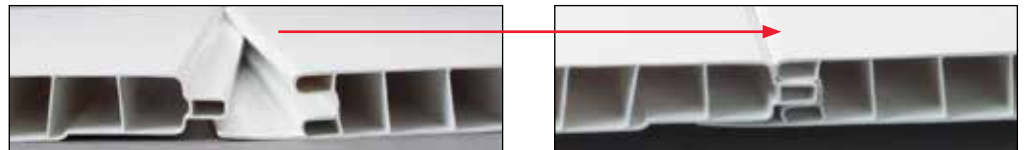

Never needs painting and will not rot or rust.

- Panels are 100% recyclable and do not support mold or mildew per ASTM D3273 and D3274.
- Custom cut lengths up to 20' long.
- No exposed fasteners.
- Panels are extruded from exterior-grade PVC.
- Easy to install using the tongue and groove system.
- Cleans with pressure washers or soap and water.
- Limited 10 year warranty.
- Panels meet ASTM E-84-05 and CAN/ULC S102.2-3 Class A fire rating.
- Can easily be cut using fine tooth blade, table saw, or utility knife.
- Can be attached directly to walls and ceilings.

Available in four bright colors plus white.

Panels slide together with tongue and groove design leaving no exposed fasteners to rust or promote mold or bacteria growth. Use stainless steel screws to connect nailing fin to wall or stud.

NOT FOR USE IN FREEZER APPLICATIONS

Require temperatures of at least 55°F during application.

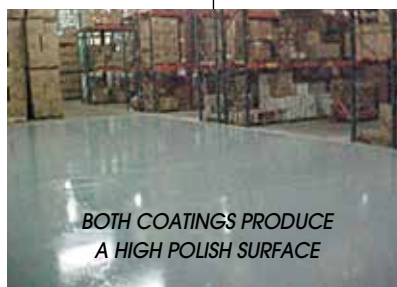

Dura Seal 400 Industrial Light-Duty Concrete Floor Coatings

Very hard, very chemically resistant. Good in a water environment once hardened. Has odor during applications, but not after curing (6 hrs).

- One, 2-gallon container applies two coats over 325-350 square feet.
- By mixing 50/50, coating penetrates pores and forms a solid surface plate recognized by the USDA as a contaminant barrier.
- Apply by roller, brush or spray — leaves an easy-to-clean, hard, glossy surface suitable for incidental food contact.
- Mix with "Shark Grip" for non-skid durability.
- Meets all USDA and EPA standards.
- Quick-drying coating hardens to a 6-8-mil. thickness.

OPTIONAL SATIN TEXTURE SURFACE

BOTH COATINGS PRODUCE A HIGH POLISH SURFACE

Dura Seal 400 Colors

ITEM NO.	PRODUCT	F.O.B. FACTORY	EACH
A468 0001	Duraseal 400, 2-Gallons (Specify color and surface)		\$199.95
A468 1000	Shark Grip		9.95

***Must purchase Floor Prep/Cleaning products shown below to validate manufacturer warranty.

Dura Poxy Industrial Heavy-Duty Concrete Floor Coatings

A heavier-bodied "100% solids" catalyzed epoxy laminate. Very hard and highly chemically resistant. No odor. Hardens even in a water environment. Accepted by the USDA for incidental food contact use. For use on floors with major irregularities.

- 8 hrs. curing time.
- 1 gallon covers 125 sq. ft. at 8-10-mils.
- For use on floors with major irregularities in the surface and floors that require maximum resistance to damage from falling tools, forklifts and similar causes of harm.
- Quick drying coating hardens to a 20-mil. thickness with 2 coats.
- Mix with quartz chips for high skid areas (such as wet or frosty environments) and to form a coating that is resistant to the passing of steel wheels or other heavy machinery.

OPTIONAL QUARTZ GRANULAR SURFACE

Dura Poxy Colors

Protect personnel and products from the dangers of shattered glass.

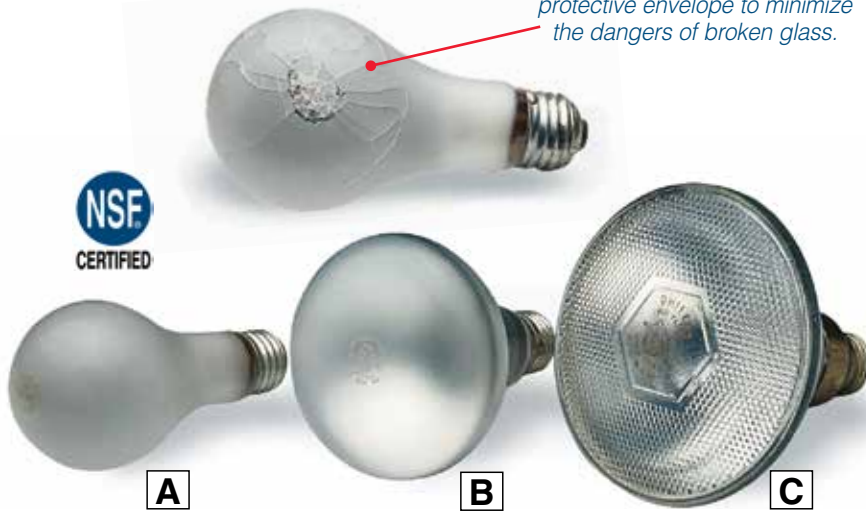

Shat-R-Shield® Plastic-Coated Incandescent Bulbs

Choose from three bulb styles.

- Incandescent bulbs are transparent, allowing more lumen output and range of vision.
- Coating will not yellow, crack or flake even after 20,000 hours of use.
- Contains UV stabilizers to block over 95% of ultraviolet emissions.
- Excellent long-term resistance to extreme heat or cold.
- Complies with FDA and OSHA regulations.

► Do not use where ambient temperature is 150° F or more.

Teflon® coating forms a protective envelope to minimize the dangers of broken glass.

Climate Curtains

- Double-paneled 18-oz. coated vinyl curtain walls lined with Thinsulate Ultra insulation from 3M.
- Flexible, climate control isolation for a variety of applications including freezer and cooler areas, loading docks, food processing lines, and warehouse separation.
- Thermal valance and floor sweep.

Overlapping panel design.

Vinyl and Mesh Roll-Up Doors

Complete kit ready to install!

Benefits:

- Significantly reduces heat loss while allowing light into work areas.
- Keeps out unwanted pests, birds and intruders.
- Controls airborne contaminants and improves building appearance.
- Mesh allows fresh air to flow through for comfort and productivity and helps meet FDA and AIB requirements.
- Three year warranty — one year warranty on motor drive mechanism.

Features:

- High Speed: up to 36" per second.
 - Low Maintenance: no cables, wheels, springs or sewn construction.
 - Wind Load Rated: 45 mph wind load*.
 - Durable: fiberglass windbars won't bend or break. Automatically resets after impact.
 - Quick and Easy Installation: upper box completely assembled in factory.
 - Multi-Season: exchangeable panels available in mesh, clear and solid vinyl.
 - Fire Resistant: meets NFPA-701 and CSFM standards for flame retardancy.
 - Resistant to all ultraviolet rays and is rot, tear and mildew resistant.
- * Wind load tested on a 10" x 12" solid vinyl roll-up door per ANSI/DASMA 108-2002.

Bug and Bird Mesh Door.

High-Speed Vinyl Roll-Up Door.

Also available:
Vinyl Roll-Up Doors for Extreme Conditions.

Available Options:

- Vinyl Door color options:
Gray, Black, Blue, Beige, Green, Red, Yellow, Orange and White.
- Mesh Door color options:
Gray, Black, Almond, Royal Blue, Spruce Green, Yellow and Red.
- Operations include: Manual Chain Hoist, 18" per second (In Tube Motor), 28" per second, and 36" per second (External Mounted Motor).
- Various Control Options: Hardwired and RF available to meet your specific application.
- Outside face mount or inside projection mount available.

Spring assist.

MaxBullet® Trailer Mount System

A complete strip door kit to prevent the loss of cooled air.

- Scratch-guard® ribbed material offers superior scratch-resistance increasing long-term visibility and eliminates sticking to shrink wrap!
- Striping remains flexible creating easy walkthrough.
- May be used with conventional roll-up or swing doors.
- Hi-Viz® Fluorescent Safety Rings are placed on the studs of the MaxBullet® hardware to indicate the top of the door opening in low light conditions.
- Maintain better temperature control.
- Improve energy efficiency.
- Reduce maintenance costs on refrigeration units.
- Easily installs to a refrigerator trailer using two L-brackets (included).

Complete strip door kit includes:

- 8" w x 8' h - 8" x .198 Low-Temp Scratch-Guard® strips with 50% overlap
- MaxBullet® Trailermount Hardware Kit
- Hi-Viz® Fluorescent Safety Rings

WHY REPLACE YOUR DOOR STRIPS?

1. Old strips harbor bacteria in the cuts and cracks that form as a result of impact.
2. Worn and scratched strips cut down on visibility and safety.
3. Maintain Temperature Integrity — Worn out strips have holes and cracks which allows cold air to escape and warm air to infiltrate.
4. To reduce the transfer of contaminants between work areas.

E-Z Hang™ Clear Vinyl Door Strips

The BEST door strip program available!

- Able to withstand heavy traffic including forklifts.
- Made from a non-phthalate formulation.

HOW TO FIGURE THE AMOUNT OF STRIP NEEDED:

We recommend mounting these doors 1 foot above door opening to eliminate tearing strips with tall loads.

- 1.) **MEASURE** the opening width and height in feet.
- 2.) **ADD** 1-ft. to the door height and width, depending on space available.
- 3.) **CALCULATE** using the following formula in feet:
 6" Strips— (width x height) x (1.5) x (2)
 8" Strips— (width x height) x (1.5) x (1.66)
 12" Strips— (width x height) x (1.5)

All strip doors are designed to mount on either the inside or outside wall above the door opening with a minimum of 5" overlap on each side.

Strip overlap examples

Quickmount™ Template Kit

Simplifies the process of cutting bulk roll material into individual door strips.

- Fabricated of non-slip 1/4" acrylic.
- Dimensions are permanently etched directly on the template.
- Special drill bit bores a perfectly round hole into material to prevent tearing.
- Kit includes template, drill bit and marker.

Industrial Flashlights with Krypton Bulb

- Bright Krypton beam with prismatic reflector for close-in use.
- Constructed of high-impact polypropylene that is 7-foot drop tested.
- Resists chemicals, grease, oil, water and corrosion.
- Comfort-grip design with protected slide on/off switch.

10 LUMENS

A Uses 2 'D-cell' batteries (not included).

B Uses 2 'AA-cell' batteries (included).

ITEM NO.	PRODUCT	LENGTH	LUMENS	EACH
7784 00061	A. Industrial 2D Flashlight	10.5"	10	\$7.95
7784 20121	B. Industrial 2AA Flashlight	8.8"	10	6.95

6V Economy Floating Lantern

- Durable weatherproof construction with easy to hold handle.
- Will float in water.
- Bright Krypton/75 Lumen bulb.
- Beam distance: 741-ft.
- Color will vary. Red, blue or yellow.

Includes 1 '6 Volt' battery. Remove battery cap before use.

Pelican™ MityLite™ Water-Resistant Flashlight

- High powered Xenon lamp. • 2hrs 15min of consecutive battery run time.
- Constructed of extremely rugged ABS Resin plastic.

Uses 4 'AA' batteries, (included).

70 LUMENS

Includes multi-function mounting clip for hard hats.

ITEM NO.	PRODUCT	EACH
5485 01691	MityLite™ AA-Cell Flashlight	\$26.95

A Rechargeable SL-20XP® Flashlight

Up to 25,000 candela peak beam intensity from pre-focused halogen bulb.

- 1.5 hrs. continuous run-time between charges, nickel-cadmium battery included.
- Tough, non-conductive, water-resistant high-visibility yellow polymer case with closed cell non-slip grip and unbreakable polycarbonate lens.
- Assembled in the USA.

90 LUMENS

B Rechargeable PolyStinger® Flashlight

- Up to 11,000 candela, peak beam intensity, for seventy five minutes between charges. • Spare bulb included.
- Xenon bulb adjustable spot-to-floor beam, ultra-tough nylon polymer casing and non-slip grip.

RoughNeck Waterproof Flashlights

- Waterproof design also resists chemicals, grease and oil.
- High impact polypropylene body is drop tested to 10 feet.
- Switches from spotlight to flood focus with the push of a button.
- Focus beam reflector for close-in use.

28 LUMENS

Uses 2 'D-cell' batteries (not included).

STEEL-IT Stainless Steel Coating

- Industrial strength, non-dielectric stainless steel coating.
- Prevents rust and corrosion.
- 250-300 sq. ft. coverage per gallon.

The STEEL-IT Polyurethane Coating System features a unique stainless steel leafing pigment, and provides optimum weather-, abrasion-, and corrosion-resistance in general maintenance applications. The easy to apply system yields a hard, non-toxic, metallic finish that protects a multitude of surfaces from ultraviolet rays, chemicals, oils, alkalis, food acids, water immersion, abrasion, and high-pressure washdowns.

STEEL-TECH™ Stainless Steel Rich Coating

Rust-Oleum's High Performance Steel-Tech™ Polyurethane Stainless Steel Rich Coating is infused with stainless-steel flakes to provide armor-like protection in harsh environments.

- Uses 1/3 less product and requires 1/3 less dry time than other brands.
- Aerosol Spray matches Steel-Tech polyurethane coating for easy touch up and dries in only 20 minutes.
- Applies direct-to-metal (DTM)—no primer or additional coat needed.
- Low-odor, one-component system—no mixing required.
- Not for use on concrete, masonry or galvanized steel.
- Can be used on surfaces that reach up to 200°F.
- Meets USDA requirements.

LeakSeal® Self Fusing Silicone Tape

Rust-Oleum® LeakSeal® Self Fusing Silicone Tape conforms to any surface while providing a water-tight seal. It creates a chemical- and moisture-resistant barrier that fixes leaky pipes and hoses, and covers frayed electrical wires. It is easy to remove, leaves no sticky residue and protects from corrosion.

- Withstands temperatures -85°F to 500°F.
- Superior strength 700PSI.
- Corrosion and chemical resistant.
- Leaves no residue.

Using tension, stretch tape around the object, overlapping each layer by 1/2" and wrap over itself to fuse. Wrap completely over problem area and cut the tape once finished.

Packinghouse Ladders

- Self-cleaning perforated pattern stamped on a solid sheet of steel step reduces slipping.
- All-steel construction with baked on blue paint.
- Each step 16" x 7" with 10" deep top platform rise.
- 57-1/2 degree climbing angle.
- Spring loaded casters retract when bearing weight, firmly setting ladder on rubber tips; when load is removed, spring casters push down enabling ladder to move.
- Shipped knocked down reducing freight costs.
- Meets or exceeds OSHA and ANSI Standards.
- 5-Step ladder: highest step is 50" high.
- 300-lb. capacity.

Replacement casters available, call for more information.

Fiberglass Step Ladder

- Molded top with handyman's tool slots.
- Pinch-resistant spreader braces.
- Duty rated at 300-lbs.
- Slip-resistant rubber feet.
- Heavy gusset bracing.

Scan this code with your smartphone QR reader to watch a short video that shows all these Telesteps® Ladders can do!

Telesteps® Ladders

The world's first telescopic ladder with the patented one-touch release.

- Ladders are designed to be strong – constructed of aircraft-grade aluminum alloy to make them lightweight and easy to move. And with the push of a button, the ladder retracts into a smaller size for easy storage.
- Easy one-touch release system – green button when locked, red when unlocked.
- To fully extend the ladder, simply place hands on the vertical tubes and your foot on the bottom rung. Pull upward with your hands to fully extend each step section in one-foot increments. Continue section by section until the ladder is open to its desired height.
- To retract ladder, simply push the patented one-touch release button at the base of the ladder, and the ladder gently descends into a small size for convenient storage.

A Combination Extension/Step Ladders

- Multi-function ladder that provides a combination extension/step ladder that is adjustable on the back end so that they can be used on uneven surfaces and stairs.
- Contractor-grade with a 375-lb weight capacity and wide steps for comfort and safety.

ITEM NO.	HEIGHT	EXTENSION HEIGHT	RETRACTED HEIGHT	WEIGHT	WEIGHT CAPACITY	EACH

Work Height Platform Truck

- Exclusive, precision-engineered resin and metal composite structure provides maximum load support.
- 6" thermo-plastic rubber casters (8" on 30" x 60" model) are water and chemical resistant, absorb shock and provide floor surface protection and quiet operation.
- Powder-coated steel creates a hard finish that is tougher than conventional paint.
- Four molded-in tie-down slots for securing loads with tie-down straps and bungees.
- Textured deck surface reduces load slippage.
- Retainer clips prevent unintended handle removal.

Unique, adjustable design allows platform deck to be placed at one of three work heights: 29", 32" or 35".

Magna-Plate Food Grade Grease

For use on machinery where grease may come into contact with edible product.

- White grease has excellent water-resistance and lubrication qualities.
- Good oil bleed characteristics at low ambient temperatures make it ideal for small, high-speed bearings.
- Choose from standard or high-temp grease. Standard grease is for temperatures under 250°F (121°C). High-Temp grease is for temperatures 500° F (260° C).
- Fits standard hand-operated grease gun.

> 10 per pack.

Clear-Guard Food Grade Grease

For use on machinery where grease may come into contact with edible product.

- Clear grease compounded with a high-temperature polymer will cling to metal surfaces under the most severe conditions.
- Water, salts, heat and chemicals will not affect performance.
- Resists sling and channeling under high-speed or high-temperature conditions.
- Fits standard hand-operated grease gun.
- NSF H1-registered.

> 10 per pack.

Fiberglass, Square Grid Floor Grating

1" Grating.

1.5" Grating.

- Unlike metal grating, GatorGrate does not rust, never needs painting and is corrosion-resistant.
- Easy-to-clean, due to the smooth and tapered bars, debris that enters the top will come out of the bottom.
- Can be easily cut with ordinary hand tools, using a masonry, carbide tip blade or diamond edge.
- Integral grit top surface provides outstanding anti-slip protection for workers.
- Weighs about one-quarter as much as steel grating.
- Available with a grit top or a concave, plain meniscus top.

Rubber Dock Bumpers

- Absorbs over 80% of truck impact and shock to protect docks, buildings and cargo areas.
- Tough plies of truck tire material eliminate chipping and abrasion unlike standard rubber bumpers.
- Anchored through thick steel angles to provide stability and to retain shape.
- Weather-resistant with anchor bolts that are protected by at least 3" of rubber.
- Bumpers available with angles (equipped with 1/4" steel angles at both ends) or with flat plate for use with dock levelers (optional 1/4" flat steel plate for one or both ends).
- 6" laminated, 9", and 10-1/2" thicknesses also available.

Fiskars Cuts+More™ Scissors

These are not your average scissors!

- Fully hardened, precision-ground steel blades stay sharp, even when cutting a wide range of heavy-duty materials.
- Ergonomically sculpted handles provide comfortable use and cutting control.
- Pointed awl tip is perfect for piercing small holes in cardboard, leather and more.
- Wire cutter makes it easy to cut wire without damaging the blades.
- Bottle opener makes it easy to open your favorite beverage.
- Scissors can be taken apart for a titanium-enhanced knife that is ideal for cutting large or awkward objects.
- Dishwasher safe for easy cleaning.
- Power notch cuts light rope.
- Sheath protects blades, sharpens scissors and includes a tape cutter for opening boxes.

Watch the short video to see all these scissors can do!

Use as wire cutter for maintenance.

Ideal twine cutter built into blade.

Serves as a handy bottle opener.

Cuts through poultry with ease.

C928 1048	48-oz., 10-1/2" x 7-1/2" x 1-1/4" h	\$16.95

Rubber Dock Bumpers

- Absorbs over 80% of truck impact and shock to protect docks, buildings and cargo areas.
- Tough plies of truck tire material eliminate chipping and abrasion unlike standard rubber bumpers.
- Anchored through thick steel angles to provide stability and to retain shape.
- Weather-resistant with anchor bolts that are protected by at least 3" of rubber.
- Bumpers available with angles (equipped with 1/4" steel angles at both ends) or with flat plate for use with dock levelers (optional 1/4" flat steel plate for one or both ends).
- 6" laminated, 9", and 10-1/2" thicknesses also available.

ITEM NO.	PRODUCT	F.O.B. FACTORY
7407 0045	4-1/2" Laminated Dock Bumper (Specify length when ordering)	
7407 1210	Extra-Thick 12" Dock Bumper (Specify length when ordering)	

Dura-Soft Bumper™

Provides the maximum dock protection available in the market - unique loop design absorbs the impact.

- Steel-face plate eliminates wear from up-and-down friction movement of trailer during loading and unloading.
- Weather-resistant and can be used in any heavy-duty material handling areas.
- Rubber pads 4" thick with loop pad and 3/8" steel-face for overall thickness of 5-1/2".
- Can be mounted up to 12" above the dock or flush mounted.

ITEM NO.	PRODUCT	F.O.B. FACTORY
7407 0055	5-1/2" Dura-Soft Dock Bumper (Specify length when ordering)	

CALL 800-456-5624 FOR PRICING & MORE INFORMATION

Molded Wheel Chocks

- Molded from tough fiber-reinforced rubber compound.
- For use on trailer trucks and other heavy equipment.
- Available in either black or highly visible orange.
- Optional 15' long, 3/16" coil chain with bright zinc finish is also available.

➤ Shipping Weight: 10-lbs.

ITEM NO.	PRODUCT	SIZE	EACH	
			1-5	6+
7407 0688	Black Chock	8" x 5-3/4" x 9"	\$29.95	\$28.95
7407 0689	Orange Chock.	8" x 8-3/4" x 9"	39.95	38.95
7407 0670	Optional Chain for Wheel Chock		24.95	23.95

Safety Sign for Chocked Area

- Constructed of 20-gauge steel.
- Highly visible yellow and black safety design.
- Four pre-drilled holes for easy installation.

ITEM NO.	PRODUCT	SIZE	EACH
7407 1014	Safety Sign	10" x 14"	\$24.95

Saf-T-Lok Steel Tube Load Lock Bars

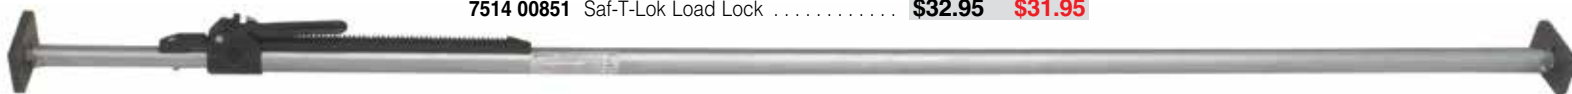

Durable steel bar is designed for quick and easy installation or removal.

- High-strength steel tubing features a steel handle housed in a painted cast aluminum housing.
- Molded pivoting rubber feet grip firmly to trailer walls, yet won't scuff and will remain pliable even at low temperatures.
- Load lock adjusts from 89" to 105".
- Handle and trigger release are easy to use, even with gloved hands.

➤ Shipping weight: 12-lbs.

ITEM NO.	PRODUCT	1-5	6+
7514 00851	Saf-T-Lok Load Lock	\$32.95	\$31.95

Galvanized Steel One-Piece Jack Bar

Reverse ratcheting is no longer required — a patented quick-release feature closes the bar with one easy step.

- Constructed of square galvanized steel tubing.
- Jack bar adjusts from 86" to 104".

➤ Shipping weight: 16-lbs.
